Conference Called to Study Cause of Epidemic

Additional Territory is Freed of Quarantine

(BY A. P. MORT WIRE)

WASHINGTON, May 7.—General improvement in the foot-and-mouth disease situation in California with respect to new infection, plans for a western conference to make a full study of the outbreak and the release of additional territory from quarantine, featured developments announced today by the Department of Agriculture.

Extermination of infected herds is now outstripping new infections, only one infection in Los Angeles county being reported today, and one in Merced county yesterday. For a few weeks infections in Merced county, in the range districts, were extensive, several new infections involving large herds appearing daily. Most of these herds are now exterminated.

STATES TO CONFERENCE

A conference has been called at Sacramento by Gov. Richardson for a study of conditions with a view to ascertaining all facts concerning the disease in California. New Mexico, Arizona, Nevada, Oregon and Hawaii have accepted the Governor's invitation.

A number of counties and parts of counties in which no infection has existed at any time have been released from quarantine so that the quarantined territory at present includes Contra Costa and Orange counties and parts of Napa, Solano, Alameda, San Francisco.

NEW CASES OF DISEASE BREAK OUT

Cattle Infection Spreads to Hynes Herds; Public is Warned

Breaking out anew after more than forty-eight hours without any fresh infection in the county, foot-and-mouth disease was discovered yesterday in two herds comprising eighty-eight animals located at Hynes, three miles east of Compton, a section which up to this time had not been invaded by the malady. The other two infected herds, comprising thirty-one animals, are in the Lamanda Park district where the disease has been established for some time.

Notwithstanding the fact that some changes have been made in lightening restrictions in areas where the disease has not yet appeared, all infected areas are still under strong guard and the public is warned to keep away from areas where live stock is kept. A relaxation of restrictions at this time, or a letting up on quarantine regulations might place the county again in grave danger.

In a statement issued yesterday by the public health department of the Citizens' Emergency Committee, stress is laid on further strict precautionary measures. "These precautions are necessary as much now as ever before in order that we may clean Southern California up quickly of foot-and-mouth disease again opened with the lifting of the quarantine from San Bernardino county. Although a small part of the road leading into San Antonio Canyon is in Los Angeles county, an exception was made in this case and the road is again open to the above-mentioned camps."

HITS AT FAKE RABBIS

(EXCLUSIVE DISPATCH)

PHOENIX, May 7.—In an address at a B'nai B'rith banquet in Phoenix, Edgar C. Levy of San Francisco, grand president of the western district of the order, urged that members join hands in suppressing violations of the Prohibition Act by their co-religionists, ease, so that they may be able to enjoy the summer outings with their families. Levy said that the break out again through carelessness of thoughtless persons, it might mean a complete break up of the order, which would not only work a hardship on the public, but would cause a great economic loss.

Levy referred to the operations of "bootleggers who operate in the guise of rabbis, to abuse our sacramental wine privilege."

CHANCE TO LEARN LINOTYPE TRADE

Linotyping is one of the best-paid trades. It is easily learned by the average man or woman. There is a great scarcity of linotypers throughout the United States. For particulars of tuition and other information, inquire at 419 Wilcox Building or telephone 585-187.

San Joaquin, Stanislaus, Merced, Mariposa, Madera, Kern, Los Angeles and San Bernardino counties.

TO TURN ON WATER

Disinfection of about 6000 railroad stock cars, from exposed or infected counties which had been withdrawn from traffic, has almost been completed. As soon as infected herds in Merced county have been buried, irrigation water, shut off voluntarily during the emergency, will be turned on again.

Summing up the situation today, Dr. John R. Mohler, chief of the Bureau of Animal Industry, said it was expected additional infected herds would be found in the quarantined area.

"Foot-and-mouth disease is a most distressing and contagious disease," said Mohler. "But in no former outbreak has there been such an adequate force of men and men such excellent co-operation among all concerned, or such adequate means for suppressing infection when discovered."

"The situation, though still serious, has improved greatly since May 1. A few cases of suspected infection have been reported outside the quarantine zone, but in view of the fact that the all-infectiousness of the disease is not foot-and-mouth disease. Live stock owners and veterinarians are required, however, to continue to report any suspicious cases."

Ship Board Confusion is Related to Inquiry

No Record of Millions in Money Received

Corporation Treasurer is Quizzed in House

(BY A. P. MORT WIRE)

WASHINGTON, May 7.—Large amounts in securities, drafts and unpaid checks were spread promiscuously throughout the various offices of the Shipping Board when he took office in 1921, T. L. Clear, treasurer of the Fleet Corporation, testified today at the House shipping inquiry.

Prior to 1921, Mr. Clear asserted, there was no record kept of millions of dollars in trust funds advanced in bulk amounts to managing operators of shipping board vessels. A general canvass of all the offices was made, he said, and all securities concentrated in the treasurer's office under his control.

Under questioning by Representative Lehbach, Republican, New Jersey, Mr. Clear said more than \$800,000 in uncanceled checks drawn on the Fleet Corporation had been found in the various offices of the corporation when he assumed office.

GREAT CONSTERNATION

The witness said he did not know why the checks had not been deposited, but discovered some of them when he was held by request.

"I disregarded all requests," he said, "and put them in the bank. It created great consternation in banking circles here. I have collected all except \$11,000 covered by two checks and in these cases the banks went into receivership long before I found the checks."

Mr. Clear said he had received \$34,000 which was found to be due the Fleet Corporation after canvassing all banks where deposits had been made and accounts closed.

The system of paying out in trust funds to operators was abolished by him, he said, and in its place a plan substituted whereby the expenses of the operators are met from drafts on the United States Treasury.

Asked by Representative Bankhead, Republican, Alabama, for recommendation as to operation of the government fleet, Mr. Clear said it was a "one-man job." The president of the Fleet Corporation, he said, should not be answerable to the Shipping Board.

DISCOUNTS REVEALED

"The operation of the fleet," he asserted, "should be entered in one man, both as to authority and responsibility."

Representative Bankhead read from a detailed record of intangible assets showing the Fleet Corporation has discounted letters of credit on sums owed it by purchasers of ships and supplies. Some were discounted at 4 7/8 per cent three days before maturity.

Mr. Clear said it was a plan of liquidation in force in 1922 to realize from sales a part of the money appropriated by Congress. The system has been corrected, he said, and there has been no recent sale of such securities.

Adams, Brubaker Shine for Oakland Outfit

BY ROBERT E. RAY

It took the Great Malls and the Oakland fourteen innings to defeat the Angels and the Angels, 3 to 2, in the second of the series yesterday at Washington Park. The Angels and Malls hurled warlike ball, but the former weakened in the fourteenth and the Oakland bunched a single, a sacrifice, and two doubles for two runs and a ball game.

It was the eighth straight victory for the Oakland and showed them down to seventh place, not far ahead of the Solons who are occupying the eighth place. The Oaklanders, Adams, Acorn second, were in a large way responsible for the local's downfall. He cracked out four hits, two doubles, and either scored or drove in all three Oakland runs. He back hit a pair of doubles in the fourth.

BRUBAKER FEATURES

Brubaker, Oak shortstop, and a number of sensational hitting stunts yesterday, robbing the Angels and Malls of hits on the field, taking the latter's star that looked like a sure hit, throwing to Maderas in time for Billings at third. This happened in the twelfth and had the Oaklanders, Billings, had scored and ended the game.

Oakland put over the first run in the encounter in the sixth. Adams, who drove in the winning run in the fourteenth, was the star. He cracked out a double to start the frame and a third on Brubaker's sacrifice. Then Claude Cooper raised a sacrifice fly to Hedges and Adams scored after the catch.

In the eighth Adams came right back in the seventh and tied the count at one apiece. After Whelan's only market was a round ball popped to Brubaker, who tried to center and scored. Claude Beck doubled down right-field four line.

OAKS THREATEN

The Oaks threatened in the twelfth, but failed to follow through. However, in the fourteenth the visitors collected a hit and scored. Baker, the first man up, continued on Page 5, Column 2.

BENNY LEONARD FIGHT BARBAR

NEW YORK, May 7.—Benny Leonard, lightweight champion of the world, who, when donning pugilistic togs, does a two-a-day workout, is soon to be in the ring.

Leonard, who is at present doing a stunt before the camera, is to be matched up with a young man named Ed Barbarian and the fight will be staged at Detroit, the Casino of Detroit, who has arranged for a series of fights and is expected to draw a big house. The final clash will come off tomorrow night.

Leonard won the 135-pound title of the L.A.A.C. (175 lbs.) in the second round of the L.A.A.C. in one of the greatest bouts hereabouts in some time between Phyllian Wood with a hard right to the jaw for the count of "nine." Leonard won the fight with a straight right to the jaw, and a straight right to the jaw, and a straight right to the jaw, and a straight right to the jaw.

ONLY SIXTEEN DAYS SINCE HIS MAMA TOOK HIM TO SEE GRANDMA—BUT IT SEEMS LIKE SIXTEEN LONG, WEARY YEARS—WHERE WILL IT END?

WHERE IS DADDY, MAMA? WHY DOESN'T HE COME TO SEE US? WHEN ARE WE GOING HOME? I WANT MY DADDY.

MAMA WILL COME TOMORROW—NOW BE A GOOD BOY AND RUN OUT AND PLAY.

I TELL YOU, MY DEAR, THIS IS GETTING SERIOUS—

BUT MOTHER—WHY CAN I DO? SURELY YOU CAN'T WANT ME TO APOLOGIZE FOR SOMETHING I WAS NOT TO BLAME FOR—

WELL, YOU KNOW, MY DEAR, TO ERR IS HUMAN, TO FORGIVE DIVINE—AND AFTER ALL YOUR HUSBAND WAS ONLY HUMAN—HE HAD HIS FAULTS—WE ALL HAVE—BUT AS HUSBANDS GO HE WASN'T SO BAD—HE HAD A GOOD KIND HEART—

YES, HE HAD A KIND HEART—HE NEVER DENIED ME ANYTHING—AND HE ALWAYS WAS SO FOND OF ME—HE USED TO BRAG ABOUT HOW HE WERE JUST LIKE A COUPLE OF GOOD PALES—BUT WHY DOES HE IGNORE ME?

WELL, THERE'S ALWAYS TWO SIDES TO EVERY QUESTION—TO KNOW A MAN—YOU MUST KNOW HIS THINGS—THAT'S WHY I KNOW IF ANYTHING HAPPENED TO HIM, I WOULD KNOW IT FIRST.

NOTICES SUDDENLY THAT CONDUCTOR HAS GONE BY WITHOUT PUNCHING HIS TICKET.

OFFERS SEVERAL PAINT "P-S-T" P-S-T'S AND WAVES TICKET HALF-HEARTEDLY TOWARD CONDUCTOR'S BACK.

SEES NO REASON WHY HE SHOULD RUN THE LENGTH OF THE CAR AFTER THE CONDUCTOR. TRIES TO FIGURE UP HOW MUCH HE'LL SAVE IF HE GETS A FREE RIDE OUT OF IT.

WONDERS IF ANY OF OTHER PASSENGERS NOTICED THAT CONDUCTOR PASSED HIM BY.

DECIDES TO HOLD TICKET THIS WAY. THEN IF CONDUCTOR SEES IT—ALL RIGHT, IF HE DOESN'T, WELL, AFTER ALL, IT'S UP TO THE COMPANY TO COLLECT FARES—IT GENT.

UP TO HIM. TRIES TO PUT MIND ON NEWSPAPER, AND TELLS HIMSELF THAT ANYWAY ONE PARE MORE OR LESS CAN MEAN MUCH TO A RAILROAD.

DECIDES CONDUCTOR HE'NT COMING THROUGH AGAIN AND PUTS TICKET IN POCKET—SORT OF AS IF HE REALLY DIDN'T KNOW WHETHER IT HAD BEEN PUNCHED OR NOT.

GETS UP AT STATION TRYING TO LOOK VERY HONEST AND CARE FREE, BUT FEELING THAT SEVERAL PEOPLE HAVE SPOTTED HIM.

AT LAST MINUTE HURKS TICKET OUT AND VERY ELABORATELY EXPLAINS SITUATION TO CONDUCTOR. ALL THE WAY HOME WONDERS WHETHER HE WAS VERY HONEST OR JUST SIMPLE MINDED.

WALT, HAVE YOU HAD ANY NEWS OF SKEEZIX?

NOTHING.

I HAVE HAD A TELEGRAM FROM A FRIEND IN KANSAS CITY WHO IS SURE SHE SAW SKEEZIX'S CAR THERE. I'M GOING TO INVESTIGATE.

YOU ARE? I'LL TAKE YOU TO THE TRAIN.

WALT TO DO ANYTHING IN THIS WORLD TO GET SKEEZIX BACK TO YOU?

NO SIR! I DON'T BELIEVE THE FACT THAT SHE WAS TALKING TO ME WHILE SKEEZIX WAS HERE HAS ANYTHING TO DO WITH HIS GOING.

SEE WOT A SAP I WAS TO INTRODUCE WINNIE TO ELEANOR! NOW I BET I'VE CRABBED WITH BOTH OF 'EM.

I HOPE ELEANOR DON'T TELL WINNIE ALL THE APPLES I'VE BEEN HANDIN' HER.

GUESS I BETTER WRITE 'EM EACH A LETTER.

Dear Eleanor:—I guess this letter was put in the wrong envelope. IT'S MEANT FOR ELEANOR!

Dear Winnie:—I don't pay farm attention to what Eleanor tells you about me. She's making up more than half of what she says. I say to her, or don't believe her. I'll explain when I see you.

WHY THIS IS WINNIE'S LETTER! THAT TWO-FACED MEXICAN ATHLETE, MIKE HULLIGAN, GOT HIS WIRES CROSSED.

RUM DEAL PLOT INVOLVES MANY Dry Agents and Politicians Named in Kentucky

Congressman Langley Sits Unmoved by Charges

Hears Stories of His Part in Whisky Schemes

(BY A. P. NIGHT WIRE) COVINGTON (Ky.), May 7.—Tales of conspiracy, bribery and coercion involving the prohibition departments of two States and men prominent in politics in Kentucky were told today in Federal Court here in the trial of Congressman John W. Langley of Kentucky and four other defendants charged with conspiracy to defraud the United States government through illegal removal of whisky from a government warehouse in 1921.

Witnesses for the government related stories of a number of "conferences" which took place in September, October and November, 1921, at Lexington and Louisville. These meetings were for the purpose of discussing transportation of whisky from the Belle of Anderson distillery of Lawrenceburg, Ky., to Philadelphia and other cities. It was charged, Congressman Langley attended most of the meetings, testimony showed.

The Congressman sat undisturbed. Langley was paid large sums for his influence in obtaining permits, the asserted former associates of the Congressman testified. When he needed money, he appealed to men in Washington who worked in conjunction with whisky dealers in this State and the money was given Langley as "loans" not to be repaid if the Congressman were successful in any particular piece of work, testimony revealed.

Three of the government's star witnesses were used today, Thomas J. Finn, Columbus, O., and formerly a partner of M. E. Huth, Alliance, O., and Walter B. Carey, Canton, O., two defendants with Langley, who told of the purchase of the Belle of Anderson distillery by the three. The partners sold whisky at from \$40 to \$75 per case, Finn testified.

SOBS STORY OF CAPTURE OVER PHONE

Girl Says She is Prisoner in House But Doesn't Know Where She Is

(EXCLUSIVE DISPATCH) CHICAGO, May 7.—Kidnaped by a former roomer in her home and held prisoner in a house, the location of which was unknown to her, Mrs. Elsie Walker, 29 years of age, pretty and separated from her husband, excitedly cried her story over the telephone to her brother today in an appeal for rescue.

"I don't know where I am," Mrs. Walker sobbed. "I am held prisoner here in an old house by a woman who receives her orders from a man. Come quickly." Every police agency was put in motion to locate the imprisoned girl as Mrs. Emma Belstress, her mother, told police of the former boarder. The mother said Mrs. Walker received a telephone call from the man Saturday night demanding that she meet him. She said her daughter, greatly frightened, told her of the threats if she did not meet the man, and then went to keep the appointment. That was the last heard from her until the telephone call today.

BOY SAVES GIRL FROM DROWNING IN CISTERN

(WELLS (Minn.), May 7.—Residents are contemplating asking a Carnegie medal for Tommy Kuchemeter, 4 years of age, for his ready wit in standing by and rescuing his 4-year-old companion, Patricia Maricle, after she had fallen into a cistern. The children were playing on top of the cistern when the little girl stepped on a loose board and fell in. Instead of running away, Tommy reached down and grasped the girl by the arms while screaming for help. He held his playmate's head above water until the mothers of both ran to the rescue.

CHARGE HUGE BRIBERY IN JAPAN ELECTION

(BY CARLE-EXECUTIVE DISPATCH) TOKIO, May 7.—The general elections Saturday are attracting attention from everything else, even from the news of President Coolidge favoring the United States Exclusion Act. Everyone is in a feverish activity, the greatest demand being money to swing the doubtful constituencies. It is estimated that 1000 candidates are spending \$15,000,000 for practically open bribery.

NOTED NURSE DEAD

(BY CARLE AND ASSOCIATED PRESS) HONOLULU, May 7.—Dr. Charles Adams of Chicago, former surgeon-general of the Illinois National Guard, died last night in the home here of his son-in-law, Walter Dillingham. The physician, who was 77 years of age, served with the Medical Corps overseas in the World War.

Body of Man Is Found Hanging to Shed Rafter

(LOCAL CORRESPONDENCE) ALHAMBRA, May 7.—The body of Sam Ferguson, 53 years of age, a laborer, believed to have been a suicide since yesterday, was found hanging to a rafter in a shed in the rear of 14 East Woodward avenue this afternoon. The discovery of the body was made by W. E. Wallace, owner of the premises. Ferguson had been missing since early Tuesday.

A note evidently written by Ferguson was found in his pocket. It was addressed to G. Otacar of Alhambra and spoke of being "broke." Leading the police to believe the man was despondent over his finances. According to Officer Boone of the local police department, Ferguson was held for several hours Sunday for investigation, after he had been found asleep in the city courtroom. Ferguson told the officer that he did not want to comply because he feared the Sheriff had a warrant for his arrest.

The body was removed to the undertaker of F. A. Utter & Son. The dead man is believed to have a sister living in Long Beach.

"WOLF" PROVES TO BE PET POLICE DOG

WOMAN IDENTIFIES ANIMAL RUN DOWN BY OREGON ELECTRIC TRAIN

(EXCLUSIVE DISPATCH) PORTLAND (Or.), May 7.—The Oregon timber wolf run down between Tigard and Tualatin by an Oregon Electric train and brought to Portland, where it was shot by a company of the company, developed to be a valuable German police dog owned by Mrs. W. W. Knack of Capitol Hill Station after Mrs. Knack had examined the hide of the animal yesterday at the railroad company's office. Mrs. Knack's pet disappeared Monday and her suspicions were aroused when she read the wolf story in yesterday's Oregonian.

She came to Portland and asked to see the hide of the dead animal and then informed the train employees what she thought of their judgment as to timber wolves. The dog was large for its species and had been purchased recently in the East by Mrs. Knack for \$165, she said.

Mrs. Knack declared that she was at a loss to understand how anyone could have mistaken her dog for a timber wolf, since it had none of the characteristics of a wolf except that it was large and ratty and had a pointed nose.

CONDEMNED SLAYER IS DECLARED INSANE

(BY A. P. NIGHT WIRE) SAN RAFAEL (Cal.), May 7.—Alviro Mendez, under sentence with Mariano Casarez to be hanged at the State penitentiary at San Quentin next Friday for a murder committed in Imperial county, was found insane today by a jury in the Superior Court here. He was committed to the Napa State Hospital.

PRODIGAL GREETED BY OLD REAPER

Second Chicago Youth in Last Few Days is Denied Welcome; Ends Life

(EXCLUSIVE DISPATCH) CHICAGO, May 7.—For the second time within a few days a prodigal son, seeking to return to his father's home, has found death instead of a welcome and the fated calf. In the first instance the father shot his son, who had been declared a moron by psychiatric experts. In that case the father has been held to the grand jury on a manslaughter charge.

The second case is that of Joseph Novak, Jr., who committed suicide yesterday morning after he had vainly appealed to his father for financial assistance. Neighbors say he left home at the time of his mother's death when he was 14 years of age, and that he and his father had never agreed. When the father was notified of the suicide, he is declared to have said: "Throw his body into the lake—my son always was a worthless good-for-nothing. He was no good alive, and is less good dead."

WINNERS ANNOUNCED IN ESSAY CONTEST

SUCCESSFUL STUDENTS WILL GO INTO NATIONAL TRIAL FOR SCHOLARSHIPS

(BY A. P. NIGHT WIRE) SACRAMENTO, May 7.—Winners announced today by the committee of judges as the result of a State-wide essay contest dealing with the subject of chemistry are Miss Mary A. Webster and George S. O'Brien, both of Sacramento; Miss Marjorie A. Blahy, Oakland; Eugene Browncombe, Santa Rosa; Miss Helen Kincaid, National City and Harry Bola, San Francisco. Hundreds of high-school students in all parts of the State entered the contest, which is a part of a national contest being sponsored by the American Chemical Society.

The winners in the State contest have won the right to compete in a national contest for scholarships at Yale and Vassar colleges.

MAN ON HUNTING TRIP SHOT BY COMPANION

(BY A. P. NIGHT WIRE) NAPA, May 7.—John McGilloy, an inmate of the Veterans' Home at Yountville, near here, was shot and severely wounded today when mistaken for a jack rabbit by William Mullen, a fellow-veteran, while Mullen was hunting in the hills near the home. McGilloy, who was lying on the ground, started to move at Mullen's approach.

The Chicago Tribune sells groceries throughout Illinois, Indiana, Iowa Michigan and Wisconsin

PROOF—specific, convincing—is here offered in support of the above statement. It is hard to believe that a newspaper reaching almost every worth-while home in the city of publication can also move merchandise from the shelves of thousands of grocers in other cities.

That Chicago Tribune circulation in each of 104 towns and cities amounts to one-fifth to three-fifths of the number of families is a statistical fact we have often presented. This goes a step farther and offers testimony of grocers as to the power of The Tribune to effect sales in their stores.

Do you believe advertising in The Chicago Tribune helps the sale of advertised brands in your community? "was the question answered by 1,334 grocers in communities outside Chicago.

Yes, said 1,108 grocers—83% of the total. Many grocers volunteered illuminating comments on their experiences with products advertised in The Tribune.

Grocers Stock Products Advertised in The Chicago Tribune

Manufacturers and packers of grocery specialties who want to build sales in the largest and richest zone market in the world, their replies will have triple significance. They are direct evidence of consumer response to Tribune advertising. They prove that the advertising effects wide dealer distribution. And they show that grocers themselves watch Tribune advertisements in order to keep in touch with new food products. For instance:

"Indeed we do. In fact, we often stock new products due to W. G. N. advertising."
Boyd Reder & Son, Dowagiac, Mich.

"Absolutely. We always read the advertisements in The Tribune and are never cautious in buying the goods advertised, because we know hundreds of other people who read The Tribune also know about these advertised goods."
J. F. Halligan Co., Beardstown, Ill.

"It sure helps to sell advertised brands. Regular advertising of a staple item in The Chicago Tribune means that the goods are sold, when displayed in a visible place in the store."
Economy Grocery & Market Co., Hammond, Ind.

"I believe it does. I have many calls for current articles advertised in your paper."
James Yager, Bourbon, Ind.

"One thing. Just look at 'Savoy.' Every time a 'Savoy' ad appears in The Tribune,

we feel the effects immediately in acceptance that the 'Savoy' brand enjoys among our patrons."
B. W. Gostomski, LaSalle, Ill.

"I certainly do. I have sold lots of goods by the help of Tribune advertising—goods that people in my community were not in the habit of using before."
Hans H. Hansen, Buchanan, Mich.

"I believe that it does. The only way we have of knowing the effect of Tribune advertising is when some new article is advertised and a customer asks for it, stating that the advertisement caused her to inquire."
Heiken & Silldorff, Chatsworth, Ill.

"Yes. The Chase & Sanborn advertisements run in The Tribune have been brought to our attention several times by our trade."
John E. Mooney, Clinton, Ia.

"Yes. We are positive in saying that the influence of The Tribune is noticeable on our customers and adds to our sales."
Simon Brothers, Springfield, Ill.

"Absolutely. We have a great many Tribune readers in this community and any article continuously advertised in your paper is sure to move."
George Ohse, Yorkville, Ill.

"Yes. The Tribune is especially strong in introducing new items of merchandise."
Olds Brothers, Hartford, Mich.

Chicago Tribune Advertising Sells the Dealer

"Tribune advertising certainly helps. Keep anything before the people and they will ask for it. That is the reason I carry advertised brands. Quick turnover is what counts."
G. D. Cramer, Lincoln, Ill.

"Yes. The only way to sell goods is advertising in daily papers that have the circulation, as The Tribune has. No merchant can sell goods that he keeps under the counter. Goods will not sell unless you keep them before the people."
De Scherlin, Prairie du Chien, Wis.

"Yes. When a firm advertises an article in The Tribune, even an unheard of article, I always buy from the salesman. As soon as we are assured of Tribune ads, we know that there will be calls for the product."
E. F. Rosenberg, Elmhurst, Ill.

"Yes. I think the daily Tribunes which come to this locality go to men who wish to keep in touch with the outside world. Your Sunday edition enters the home, is read by all members of the family and is therefore the best for advertising foods."
Carl K. Barney, Marion, Ind.

"Very much so. One example is the Savoy advertising. I know it is helping our sale of Savoy products."
Bremner & Son, Maywood, Ill.

"Yes. I am sure of it. When a customer sees a new brand in The Tribune, she asks about it when she comes to the store."
B. B. McGreave, Darlington, Wis.

"It sure pays to advertise. We notice the effect of food advertising in The Chicago Tribune constantly."
M. A. Hacker, Forrest, Ill.

Plan Store Display to Follow Tribune Advertising

"Yes. We follow The Sunday Tribune ads and on Mondays make a special display of the goods that are advertised."
E. D. Miller & Co., Stockton, Ill.

"Yes. It doesn't take long for a Tribune campaign to be felt by the retailer."
Baeball & Dorman, Chenoa, Ill.

"Yes. I have goods in my store that are just as good and even better than some products advertised in The Tribune. But the advertised goods sell the best."
Stephen Rossi, Braidwood, Ill.

"Yes. The more you can get manufacturers to advertise in The Tribune, the more goods we will sell. I have read the Daily and Sunday Tribune for the last twenty years."
D. F. W. Roberts, Hinsdale, Ill.

"I believe it helps. I would feel lost without The Chicago Tribune. It's the best."
Robt. F. Lehman, Ripon, Wis.

"Yes. We frequently have calls for articles advertised in The Tribune before we are solicited for orders."
Swearing Grocery Co., Canton, Ill.

"Yes. I have been a reader of The Tribune for the past thirty years."
A. W. Steiner, Monticello, Ia.

"If advertising pays at all, it surely does in a paper with as wide a distribution as The Chicago Tribune. One reason that a morning paper stimulates food sales is that the paper is usually read at the breakfast table or before lunch. If an interesting ad attracts the reader's attention, it would naturally cause him to desire the product."
Hoffman & Jovitsman, Three Oaks, Mich.

"We believe that advertising in The Chicago Tribune does promote sales in our community, especially when coupled up with store window displays."
J. F. Humphreys & Co., Bloomington, Ill.

"Yes. The Tribune is quoted quite often by my customers."
J. E. Wasson, Farmington, Ill.

Observe that distance from Chicago has little effect on the selling power of Tribune advertising. Dowagiac, Mich., where they stock new products on the strength of Tribune advertising, is 102 miles across Lake Michigan. Clinton, Iowa, where consumers buy the foods The Tribune tells about, is 138 miles due west. Beardstown, where they use no caution in ordering goods introduced through The Tribune, is 200 miles as the crow flies from Chicago.

Chicago Tribune Builds Markets for New Foods

Bourbon, Ind., makes many calls for Tribune-advertised articles, although the town is 95 miles from Chicago. Darlington, Wis., is 165 miles distant, but it asks for new brands exploited in The Tribune just the same. In Stockton, Ill., 131 miles northwest, Mr. Miller makes Monday displays of the goods advertised in The Sunday Tribune.

Add the fact that 80% of Chicago city grocers read The Tribune daily, and in a great many cases, display the goods advertised, and you have some measure of the selling power of Tribune advertising in Chicago and in the five great states of the Chicago Territory—Illinois, Indiana, Iowa, Michigan and Wisconsin. In 502 cities of more than 1,000 population, The Sunday Tribune reaches at least one family in every five—in many communities three or four families in every five.

Whatever your products, if you are marketing it through retail stores, write or phone for a Tribune man to call and discuss your plan and present distribution with you. From the experience of others, he may be able to suggest merchandising methods which will increase your sales in The Chicago Tribune's five-state market.

RICHES HINGE ON WHO DIED FIRST

Coleman Estate at Stake in Strange Trick of Fate

Heir Killed in Albania, One Passed at Monrovia

Minute of Death to Decide How \$500,000 Divides

(BY A. F. NIGHT WIRE)
NEW YORK, May 7.—New York attorneys today are working on a unique case in which the disposition of a \$500,000 estate depends on which of two men, who met death on opposite sides of the globe at almost the same hour, was the first to die.

The estate is that of Capt. Coleman of the San Francisco Vigilantes of Argonaut days. His heirs were a son, Robert Louis Coleman, San Francisco financier, and a grandson, William T. Coleman of Monrovia.

The son, with George B. De Long, New York broker, was slain by highwaymen in Albania April 6, last, while on a tour of the world. On that same date the grandson died at his home in California. How the \$500,000 estate shall be divided and whether descendants of the son or grandson should receive the major share depends upon which of the two died first.

John F. Bowie, an attorney of this city, has been requested to learn the hour and minute when Robert Louis Coleman and his companion were slain on the Tيرانا-Skutar highway in Albania. Cable dispatches, which thus far have been Mr. Bowie's only source of information, placed the hour at 10 a.m. April 6, Albanian time. William T. Coleman was reported to have died at 1 a.m. April 6, San Francisco time.

As there is nine hours difference between Albanian time and San Francisco time, it would appear from the news dispatches that the son and grandson died at the same hour and that disposition of the estate hinges on determination of the approximate minute of death. Mr. Bowie said, however, that the official records showed that William T. Coleman died at 3:30 a.m., which would indicate he survived his uncle in Albania by two and one-half hours.

Mr. Bowie has taken steps to establish communication with American news correspondents in Albania and with public officials of that country. He said he probably will attempt to acquire the necessary evidence by deposition.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times", que estudien la lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tal se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Aid in Favor of Coolidge in Indiana

INDIANAPOLIS, Mayo 7.—Una nueva decisiva victoria se ha sumado a la ya larga lista de triunfos de los candidatos Coolidge y Hoover por el Presidente Coolidge. Las últimas cifras correspondientes a las nueve decenas de los 2567 distritos electorales de Indiana indican que el señor Coolidge ha recibido el voto de 10 a 1. Quedan todavía por conocer los resultados de algo más de 800 distritos, y ya el Presidente cuenta con 268,000 votos contra los 26,804 que tiene Johnson.

En la carrera gubernativa, Ed Jackson, apoyado por los Ku Klux Klan, logró la victoria contra cinco adversarios. Todo indica que va a tener una mayoría de 15,000 a 20,000.

A Martin ya se le Da por Muerto

TOKIO, Mayo 7.—Aquí ya se ha perdido toda esperanza de que el cuerpo del piloto de guerra, el mayor I. Martin, a pesar de la noticia de que el jefe del vuelo americano de circunnavegación había sido visto a 100 millas de Chicago. Se hace observar que, debido a su prolongada ausencia, es casi seguro que se han agotado sus provisiones, y que el intenso frío, la niebla y el hielo hacen muy improbable su conservación.

Los contrabanderos Peary y Truxton acaban de salir de Kobern a las islas Kurile, a fin de llevar provisiones y combustible al John D. Ford y al Pope, cuyo repuesto ha de estar bien mermado. Estos barcos están todavía en espera de los aviadore, y muchas penalidades han sufrido sus tripulaciones debido a la inclemencia del tiempo.

Los aviadore militares del vuelo de circunnavegación americano son esperados para el 15 del actual en el centro de aviación naval de Kaseumigura. El ejército y la armada les preparan una gran recepción, con un banquete bajo los auspicios de la armada, y otro que les ofrecerá la sociedad de aviación.

Ofrecerá una tercera comida, Cyrus H. Woods, Embajador americano. El Ministro de la Guerra obsequiará a las copas de plata para vino, semejantes a las que el Emperador regala a aquellas personas a quienes desea

honrar de manera señalada. La sociedad imperial de aviación les otorgará premios al mérito.

NOTAS LOCALES

Hiram Johnson Fue Derrotado en su Estado Natal por 35,000

En una de las elecciones más memorables que se han celebrado en este Estado, el Presidente Coolidge, que fue reelecto por el Senador Hiram Johnson para ver quien se llevara las primarias de preferencia presidencial en el propio Estado natal de Johnson, ha conquistado a California por más de 35,000 votos, y ha contribuido de manera muy principal a la primera derrota que sufrió aquí Johnson desde su feliz campaña gubernativa de hace catorce años.

En la ciudad se ganó la votación sobre el honor de sherrif de eléctrica, que montaban a \$21,000,000. Solo faltan los resultados de dos distritos electorales. Todos los demás honores de la ciudad, así como los de defensa y aprovechamiento de ríos, obtuvieron las dos terceras partes de los votos, que por ley se necesitan.

DEPORTES

NUEVA YORK, Mayo 7.—Benny Leonard, campeón mundial de peso gero, que cuando no viste la ropa del pugil, trabaja dos veces al día ante las candelas de los teatros de variedades, va a parecer pronto en el tablado de boxeo.

Baseball

Aprovechándose de todos los yeros corridos por los "Sagehens", y los tuvieron en abundancia, los nueve de la Universidad local de California tuvieron una victoria de 4 a 1 sobre el equipo del Colegio de Pomona, ayer tarde, en el campo de la avenida Vermont.

Tuvieron que hacer catorce turnos el gran Malla y los Robles para derrotar por 3 a 1 a George Payne y a los Angeles, en el segundo partido de la serie. Los Angeles ayer tarde en el parque Washington. Tanto Malla como Payne tiraron maravillosos lucimientos, pero el primero fue agitado en el decimocuarto y los Robles lograron dos carreras y el triunfo.

SANTA MONICA

AMERICA'S CHOICEST HOME LOCATION

Santa Monica—the goal—the ultimate ideal.

Progressive attainment for a home: California, Los Angeles County, Santa Monica.

America is the home ideal of the world. Southern California is the home ideal of America—Los Angeles is the center of things in Southern California—and Santa Monica is the diadem of Los Angeles.

It is a place of eternal spring—not too hot nor too cold, too wet nor too dry—calm, serene, beautiful, yet with endless variety in form, outline and color—in lights and shades.

Instantly and constantly the scene changes—every hue and shade of the rainbow paints mountains, sea, sky and clouds in constantly shifting light.

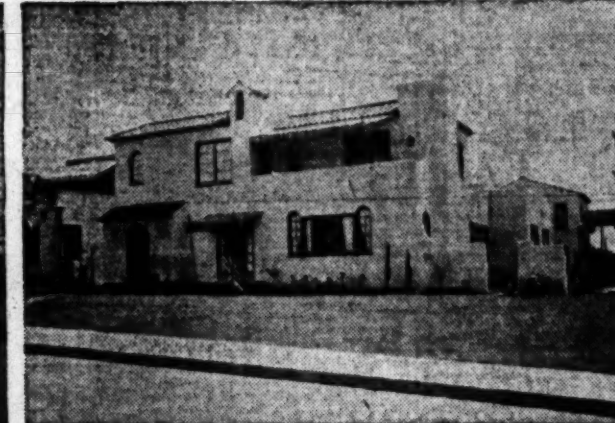

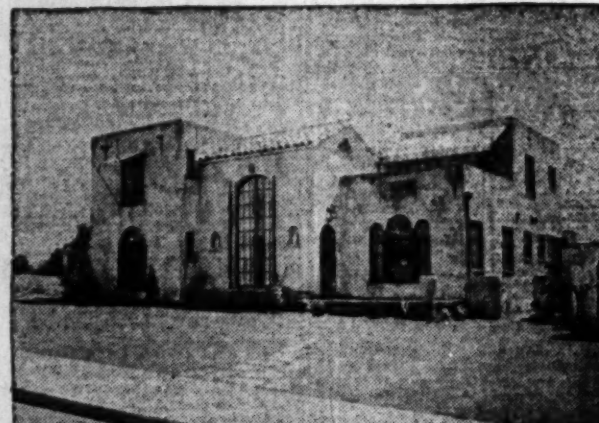

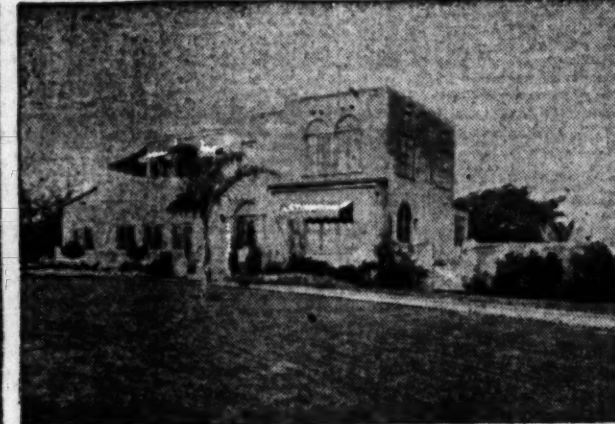

And no artist will ever describe—much less paint—a Santa Monica sunset.

Santa Monica—bounded on the north by the mountains, on the east by a great bay, on the south by Catalina and on the west by a Pacific sunset—

Close to business and to all the advantages of a metropolis and world center and close to nature—

Close to all the progressive activities of men and close to God!

A man with any appreciation of the world must be grateful indeed for Santa Monica—for such a blessing on the edge of the world's great cities.

The newly-finished homes on this page indicate a very high type of residents.

Santa Monicans are proud of the class of people who are selecting Santa Monica as a place to live and express their ideals of home.

The outdoor clubs are already here—though not all finished—Uplifters, Los Angeles Athletic, Brentwood Country, Beach, Swimming and Santa Monica Athletic.

The tide of hotels has just set in and will continue to the flood.

The breakwater must eventually come and then there will be no place in the world with such a combination for society and pleasure as at Santa Monica.

The schools are excellent and have inspiring surroundings unequalled.

The Santa Monica Bay Woman's Club is well known for its progressive and constructive work.

Women may have variety and abundance of activities at Santa Monica and the greater city is always within easy reach.

Santa Monica offers a very great deal now; and her future, already defined and assured, will present such an unfoldment and development as was never seen in this or any other land.

Those who are building homes in Santa Monica today are possessing themselves of pleasure and property that millions of men and of wealth will seek.

Nurse Saves 2 People From Operation

"I had two patients that the doctors seemed unable to reach with their medicines and in both cases advised the knife. A friend who had tried May's Wonderful Remedy for Stomach trouble proposed that I should try it on my patients which I did. Both are now entirely well. I am very glad that I was able to recommend it." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Advertisement.

One Wedd to Live

by John Hunter

"The reason I asked you to come," continued Brunel, the manager, "is because I can make your fortune."

WHO THEY ARE

ELISE DUCHANIER is a beautiful and innocent young girl of gentle birth, who, by misfortune, has come to be a dressmaker in a small Montmartre theater. Elise has the care of a badridden sister, who is attended by an elderly doctor named Lapierre, who loves Elise. The young girl is a dresser to the Parisian star.

LOLETTE, a gorgeous creature of flaming passions, glaring appearance and equally glaring morals, Elise's natural model, is a thorn in Lolette's jealous side, and the sister's natural model, is a thorn in Lolette's jealous side, and the sister's natural model, is a thorn in Lolette's jealous side.

MAURICE BRUNEL, the great entrepreneur, while another follower of Lolette's is certain Count Mordac. To this latter Lolette confides the fact that she is determined to ruin Elise.

Elise meets a young American named TOM KENDRICK, whom she at once recognizes as a man of different stamp from the hangers-on of the theater. Kendrick asks Elise to accompany him to a great ball masque and the girl accepts. At this ball, in pursuance of her plan, Kendrick induces Elise to dance with her, so that the little dresser attracts the attention of the famous Brunel—the man through whose hands many beautiful girls have passed.

Chapter IX

THE WALLS OF REALITY

Primrose flooded the eastern sky, touching the spires of Paris with yellow fairy light, like wistful fingers of hope stretched across the gay city, searching out its darkness and its vice, making more fair its beauty and its splendor.

The myriad lamps at Brunel's dimmed in its radiance. The garish glimmer of the dance faded and was staid. The bright eyes were bright no longer. The jewels were dulled beside the sunshine. The broken glasses, the overturned tables and chairs, the scattered confetti and the burst balloons—the stillness, and the nodding secret poplars. Quiet came down on Brunel as though evil slunk to the shadows, hiding its face and creeping home to rest for another night.

Kendrick took Elise back to the Rue Jacques. She was tired, and the gentle rolling of the limousine was like the quiet rocking of a baby's cradle set on springs of air. She could have nestled in the corner and slept but that every moment she was with Kendrick she wanted to keep awake, to watch him, to hear his voice.

He said very little during the ride, and at last the car turned down the narrow street with its high-shuttered houses, and pulled up at the entrance to her home.

"Here we are," he said, as the chauffeur reached round and swung the door open. He stepped out in front of her and assisted her to alight, holding her hand for a space and regarding her with that grave steadiness which she perceived heretofore as a disconcerting stare.

"And so it must be good-night, eh?—or is it good morning?"

"Good morning, I think."

that now she went gladly in answer to its call.

"The opportunity," repeated Brunel softly.

"It is you who are providing that, monsieur, and I cannot express my gratitude." She could only reiterate her thanks. She felt she wanted time to think, to get hold of the miracle of it all, to look about her and find her footing. She had in those moments, no definite vision of the future, not the faintest idea that she would ever rival Lolette; but only a hazy perspective of the riches Brunel had mentioned, and, as a song in her heart, the assurance that the drabness of the old days must slip from her like a cloak loosened about her shoulders.

Brunel was still measuring her and now his eyes were aglow. To her cheeks, born of her excitement, had come a little touch of elusive color, pink merging to marble whiteness, and her eyes were like stars, so that she seemed filled with radiant life, adorable, alluring. Brunel told himself that even Mordac had never fully appreciated the beauty of this girl, and Mordac had an eye for those things which were second to none in Paris. He tried carefully.

"As you say, I provide the opportunity. But it is only for those who understand me, whom I understand, and who are willing to work with me and for me—well."

"Of course, monsieur," she was eager in almost a childish fashion, "I will work, and I will try to understand. I will do my best, all my best, for you, for your kindness."

The pity of this declaration passed Brunel by. He was thinking only of her beauty.

"Not now, Lolette and I are good friends. We always have been—from the first. Lolette is one who sees her opportunities and grasps them with both hands. She is a clever, shrewd woman, as well as a great artist. She realizes that there are certain things which one must accept in life, that good things are a thing which tacitly admits of the existence of the complete confidence and trust."

Elise, slightly cooled now, with her brain steady, wondered why Brunel should think it necessary to point all this out.

"Now you are not only clever, but you are beautiful—more beautiful than the woman I have ever known." Into Brunel's voice had crept a tremor of intense passion, unrestrained. In her hands, in the following morning, Lolette, the names of all of them, I can bring the world to your feet. He leaned forward still further, as though to reach across the desk and clasp her. "Only—there must be understanding and friendship."

She stayed quiet still for an appreciable space, staring straight at him, and as she stared she slowly grasped the enormity of the thing he hinted at, and which he had not yet intended to propose definitely, but with great effect, her beauty had drawn from him. She saw the mark of the beast slumbering in his glowing eyes.

Her breath came in shudderingly, long. The bloom died from her cheeks, leaving them blanched and cold. Her eyes were wide and struck.

"Monsieur!" It was protesting, an outcry against the fact that this thing should be said; but Brunel could not tend a hand, could not be content to help and advise—without payment over and above the money which must accrue to him from any success she achieved.

"Riches beyond those of Lolette," repeated Brunel softly. "Beyond your dreams."

She stood up. It was quick, startling. Almost did it seem as though she would put her hands before her face, to shut out the sight of something evil.

"I will not listen," she panted. "I will not listen. That you could imagine that ever I should agree! That you should insult me so!"

She turned towards the door, and Brunel quickly on his feet, hurried round the desk and held the door open to her. He was quite cool and undisturbed.

"This is rather precipitant," he said gently. "You realize exactly what this quibble is costing you?"

"Let me go—please let me go!"

He stood to one side, and she blundered past him and vanished down the corridor.

Outside on the pavement she stood numbly, dazed, blind with chaotic emotion, tears trembling in her eyes, her throat dry and constricted. The hopes of the past few minutes were dashed to dust about her feet. The cruelty of it all had stunned her. She had been, that morning, taken to the top of a high mountain and shown all the kingdom of the earth, and then cast down to the bottomless pit because she had turned a deaf ear to the voice of the tempter.

She began to walk home, unconscious of direction or vicinity, struck and bewildered.

When she reached the garret above the Rue Jacques she fell on her knees beside Martha's bed and Martha stroked her hair while she cried.

ARRAIGNED ON MURDER CHARGE IN AUTO CRASH

LEMOORE, May 7.—Edgar Brown of this city, charged with the murder of Ralph Benaard, as a result of an automobile smash-up last February on the Hanford-Coealinga highway, was arraigned in Justice Irwin's court in the Hanford today and held to answer before the Superior Court. It is charged that Brown was intoxicated at the time of the accident.

CITY MARSHAL QUILTS JOB FOR RANCH LIFE

HANFORD, May 7.—City Marshal Ritchie last night presented his resignation to the City Trustees, which was accepted. He had been in office a short time, but decided he preferred to return to his Kings county ranch. S. M. Brown, who has been deputy city marshal for several years, was appointed marshal.

ARRESTED WITH MILK BOTTLE FULL OF RUM

FRESNO, May 7.—Possession of a milk bottle of illicit liquor yesterday landed D.C. Clayton in the County Jail, accused of possessing intoxicating liquor. Officers Boyd and Pascoe arrested him when they saw him carrying the bottle under his coat.

MINNIE WEESE SOUGHT

By a "Times" Staff Correspondent

SANTA MONICA, May 7.—Local police have been asked to assist in the search for Minnie L. Weese, 44 years of age, whose aged mother is reported dying in Randall, Kan. The mother, Mrs. M. A. Nichols, has not heard from her daughter for some weeks. It is reported.

BURGULARS TAKE ALL CLOTHING IN HOUSE

VISALIA, May 7.—Burglars cut the screen on the back porch door, entered the house, pulled down the curtains and ransacked every drawer, clothes closet and room during the absence of Mr. and Mrs. Joseph Sherman of this city in San Francisco on a short trip. When the Sheremans returned they found that practically every article of clothing of value left behind had been taken as well as linen, jewelry and bed clothes of various kinds. The estimated loss is about \$500.

SWALLOW'S BACK HOME IN REDLANDS

Birds Return Every Year to House of Mrs. Sturges; Elaborate Builders

REDLANDS, May 7.—Spring has arrived in Redlands, definitely arrived, for the cliff swallows have come to the city. Each year a large colony of these swallows come to Redlands and make their home in one place, under eaves of the home of Mrs. Lily Sturges on Sunnyside avenue. This colony has grown until building operations for the colony this year have taken up most of the available space.

There are bungalow courts, duplexes and single bungalows all built now and in use. The bungalow courts have four and five units, built of mud laboriously put together, the duplexes two units and one stories only one. There are more than fifty nests and more than a hundred birds. These swallows are different from the barn swallow of the middle west for their tails are not divided.

Galli-Curci Hit by Quarantine Bar in Arizona

Phoenix, May 7.—Mrs. Amelia Galli-Curci was included within the scope of the Arizona quarantine regulations just the same as ordinary folks, and thus was not allowed to bring trunks into Arizona, for opening within this State.

So she and her assistants brought only hand luggage to Phoenix for appearance before a record-breaking crowd in the city's largest auditorium, where the stage even had to be utilized for the purpose of additional chairs. The question of attire had to be settled after coming to Phoenix, where the star was outfitted with a Paris gown by a local merchant, as a last, and dress suits had to be obtained for the masculine members of the troupe.

CANNERS RESENT FISHING-LICENSE ACT

GOVERNMENT CUTS DOWN ON JAPANESE PERMITS IN BRITISH COLUMBIA

VANCOUVER (B. C.), May 7.—A new situation in connection with the fishing-license business of British Columbia has developed recently. The canners fought hard to keep up the number of Japanese fishing licenses. The government, on the other hand, persisted and for two years has reduced the number of licenses allowed to Japanese fishermen.

Now the canners have announced that they intend to cut down the number of boats fishing in the different northern streams, but the men who are being eliminated are not the Japanese.

This has caused considerable trouble among the white men, who claim that the canners are giving preference to the Japanese.

Representation has been made to the government at Ottawa on behalf of the white fishermen, but the decision of the government has not been announced.

RECOVERING BUSINESS SENSE

Abnormal Conditions Give Way to Sound Health

United States Beating Her Swords Into Plowshares

Steamship Bonds Offered; News of Utilities

Practical disappearance in this country of those abnormal economic conditions which are inseparable from world-wide warfare on the modern scale was witnessed in the year 1923-1924, Seymour L. Cromwell, retiring president of the New York Stock Exchange, declared yesterday in reciting the economic occurrences and developments of importance in the year 1923-1924.

His address was delivered in New York before the governing committee of the exchange at its annual meeting following the close of the official year on the 1st inst.

"The United States," he said, "has almost finished the task of beating its swords into plowshares. American business has recovered its sense of direction and proper habit of standing on its own feet without governmental support or interference. A closer and more constant balance between the forces of supply and demand is slowly but surely being re-established throughout our marketplaces, our farms and our factories."

In the economic as well as the social life of the nation, stability is replacing disruption and misalignment. Though the effects of the war on America's productive and distributive establishments will not be effaced for a generation, the constructive forces are beginning to shape the destinies of the nation."

Linking the economic developments with the stock exchange, President Cromwell remarked that "the steadier and more dependable situation in business during the past twelvemonth has been closely reflected in America's leading securities market, and has been the fundamental cause of its more tranquil and moral state."

Crises created on the New York Stock Exchange as a result of the war have diminished. In consequence, the history of the stock market over the year now closing lacks the tense and sensational incidents of the war period, and reveals a gratifying improvement in the sure operation and efficient functioning of the whole securities market."

Failure to lift the burden of special taxation imposed upon the stock market during the war was decried by the retiring president as unfortunate. The existing rates of taxation, taken together, he said, have been set considerably beyond the point of "diminishing returns," and not only weaken the market, but yield less public revenue than would be provided by a lower and better proportioned rate.

Turning to the operations of the New York Stock Exchange itself, Mr. Cromwell calls attention to the "revised accuracy" which the changes in the listings of the exchange reflect the economic growth of the country, and the flow of American capital into both public and private enterprise. Outlining these changes in the calendar year of 1923, he shows that the government bonds listed on the New York Stock Exchange declined in their par amount by over \$1,000,000,000, American State and city bonds increased by about \$450,000,000, and foreign government dollar bonds by \$150,000,000. The drop in the foreign exchange and other causes reduced the listed amounts of foreign government bonds in foreign currencies by some \$400,000,000, while the huge decrease in Federal government bonds amounted to over \$1,200,000,000.

The railway bond list during 1923 decreased in its par amount by \$45,000,000, while other corporate bonds, including industrial bonds, increased by almost \$650,000,000.

"Thus," Mr. Cromwell points out, "despite the great increase in all our corporate bond issues, our entire par listings of all bonds shrunk last year by about \$490,000,000."

Turning to stocks, the railway shares at par increased by only \$15,000,000. However, other shares increased by \$500,000,000, and the total increase in listed shares of approximately \$500,000,000. As a result, the decrease in bonds was more than offset, and the total listings were larger by something like \$400,000,000.

STEAMSHIP BONDS

Peirce, Fair & Co., and Blyth, Witter & Co., are offering \$1,500,000 Pacific Steamship Terminal Company first mortgage 7 per cent serial gold bonds maturing serially from 1931 to 1944, inclusive, at 100 and accrued interest to yield 7 per cent.

The Pacific Steamship Terminal Company will be incorporated under the laws of Washington to construct upon 29.53 acres of land centrally located on the waterfront of the City of Seattle a modern steel and concrete fireproof steamship terminal, consisting of docks and attendant warehouses for the purpose of handling the business of the Pacific Steamship Company and its affiliated companies, and an office building to house the departments of these companies. The balance of the site will be leased to mercantile concerns for warehouse purposes.

The Pacific Steamship Company's fleet consists of twenty-three vessels, of which there are four major passenger and freight steamers with a gross tonnage of 29,738 tons; ten combination freight and passenger steamers with a dead weight tonnage of 19,374, and nine freight vessels with a dead weight tonnage of 16,445. These steamers maintain regular service to all ports from Seattle south to San Francisco, Los Angeles, San Diego and intermediate ports, and north from Seattle to Alaskan ports.

DAILY TRADE TALK

Observations on Current Conditions; Utility Expenditures; Good Letter Writing an Asset

In an open letter to members of the organization J. H. Tregoe, secretary-treasurer of the National Association of Credit men, comments on general movements of trade and credits from a particularly advantageous position and having before him the results of a nation-wide survey.

"Business is in a hesitant condition," says Mr. Tregoe. "This is not due, in my opinion, to the delay of the Presidential year, but to the fact that business is not represented in the legislative circles of the nation. The ideas of business on economic conditions are not entertained with the proper consideration, and the main interests that prevail are those that are sought to weigh at the polls."

"The delay of Congress to afford tax relief, the advancement of a bonus measure, adding new taxes to the burden of the people, a tampering with the Transportation Act and the numerous economic palliatives advanced on the part of the government are affecting confidence, and if this tendency remains uncontrolled we may pass into a serious case of nerves."

"The high costs of operation and the low profits are also having their effect. Apparently we are still in the high peak of extravagance in our industrial, corporate and governmental existence. We must come or later come down from these peaks, and the sooner we come down the better it will be for our business health."

In reviewing this survey, we detect several elements of significance bearing on commodity movements and credit conditions. There is but little forward buying. The survey amply demonstrates, in my opinion, this tendency is not a new phenomenon. When taken in connection with the smallness of stocks it assumes a better movement of commodities as the time comes when there is more confidence and consumption gets into better trim. The general reduction of receivables clearly indicates a better business, but nominally indebted to banks, and this is a satisfactory element in the general situation. Anticipation of a sharp decline in prices, which are considered to be at a peak, and though difficult to see, exist here and there, yet on the whole, the worst of the liquidations from old causes is over.

We reckon as favorable factors the report of the Davies Committee; that should prove stimulating to some of our basic industries and a relief to the tension in Europe.

"Weather conditions have been favorable to the growing crops of the West, and the injection of good business will greatly help agricultural conditions. Bituminous coal, some grades of tobacco, and several extraneous industries are exceedingly sluggish and form unfavorable factors in the present situation. I cannot put my finger on a single spot that would justify fear, though it is evident from a critical analysis of conditions that we cannot rest on our oars and merely take things as they come. We have the resources and we have the credit, and by understanding thoroughly the many workings that have resulted from the war strain, it is entirely possible, if we keep ourselves abreast of the situation, from the shackles put upon it by the errors and follies of the past."

UTILITY EXPENDITURES

Gas and Electric utilities of California during 1924 will expend \$84,822,814.00 on new construction work, according to figures compiled by the Division of Finance of the Railroad Commission.

The remarkable vitality and great scope of development of public utilities in California during 1924 is indicated by the figures which are considered extremely significant of the prosperity of California by the commission's financial experts.

It is impossible to present a bond interest, after deducting taxes, amounted to \$6,954.81, or 2.32 times the interest requirements.

The balance sheet shows that the total fixed capital amounts to \$406,446.25. The company has issued and outstanding \$300,000 first closed mortgage 6 per cent. On March 31 there were 2580 stations served by the Covina, Arroyo, Glendora, Puente and Baldwin Park exchanges.

UTILITY BONDS

Bonbright & Co., head of syndicate which is offering an issue of \$4,350,000 American Gas and Electric Company, 5 per cent debenture bonds at 94 1/2 and interest to yield more than 8.50 per cent. With these additional bonds the American Gas and Electric Company will have outstanding less than \$27,000,000 in bonds, following which there are preferred and common stocks representing an equity of more than \$63,000,000 based on present market quotations of these securities.

The earnings for the year ended March 31, 1924 were more than \$1,770,000. The final 1924 Company has always been handled through the Electric Bond and Share Company.

CASE POSTPONED

FIRST NATIONAL BANK, SEATTLE, TRUSTEE, and ANGLO-CALIFORNIA TRUST CO., SAN FRANCISCO, CO-TRUSTEE

The following information is summarized from a letter of Mr. H. F. Alexander, President of the Pacific Steamship Company:

The Pacific Steamship Terminal Company will be incorporated under the laws of Washington to construct upon 29.53 acres of land centrally located on the waterfront of the City of Seattle (formerly site of Skinner & Eddy shipbuilding yard, No. 1) a modern steel and concrete fireproof steamship terminal, consisting of docks and attendant warehouses for the purpose of handling the business of the Pacific Steamship Company and its affiliated companies, and also an office building to house all departments of these companies; it will lease the balance of the site to mercantile concerns for warehouse purposes.

The steamship terminal will be constructed in three units, the construction of the first unit and office building to be completed immediately. A lease of this unit will be made to the Pacific Steamship Company for a term of years not longer than the life of the bonds, at a rental which shall not be less than an amount sufficient to pay taxes, maintenance, insurance, interest on these bonds, and amortization of the principal of this issue by maturity. The cost of the 29.53 acre site, plus the cost of the first unit (upon all of which these bonds are an absolute first mortgage) will be materially in excess of \$2,100,000.

The Pacific Steamship Company's fleet consists of 23 vessels, of which there are 4 major passenger and freight steamers with a gross tonnage of 29,738 tons; 10 combination freight and passenger steamers with a dead weight tonnage of 19,374, and 9 freight vessels with a dead weight tonnage of 15,943. These steamers maintain regular service to all ports from Seattle south to San Francisco, Los Angeles, San Diego and intermediate ports, and north from Seattle to Alaskan ports.

The steamship company handled approximately 500,000 tons of freight and over 50,000 passengers over its Seattle terminals in 1923. There is at present no available single terminal in the City of Seattle capable of handling the business and the company therefore has had to maintain under lease four separate piers.

The value of this terminal to the Pacific Steamship Company is evidenced by the fact that, based on 1923 business the savings in operation would be more than sufficient to pay the interest on the entire investment and the annual amortization of the principal.

The ability of the Pacific Steamship Company to pay the rental under the lease is evidenced by the fact that, since the benefits derived from this terminal, the net earnings of the company before depreciation for the five years ending December 31, 1923, as certified by Messrs. E. G. Shorrock & Co., Certified Public Accountants, have averaged \$900,000 a year, and the net earnings of the company for the year ending December 31, 1923, after depreciation, were \$917,300, or nearly nine times maximum annual interest charges on these \$1,500,000 bonds, and 4 1/2 times the maximum annual interest and annual maturity.

The board of directors of the Pacific Steamship Company is comprised of prominent bankers, steamship operators and business men of the Pacific coast, which insures continued efficient and conservative management.

Sound Security Plus Dependable Income Insures Safety

THE safety of a first mortgage bond depends, first, upon adequate security and, second, upon dependable earnings, sufficient to meet interest and maturity requirements— independent of fluctuating real estate values.

GILBERT F. STEVENSON MIRAMAR IMPROVEMENT First Mortgage 7% Serial Gold Bonds, due 1931-35, fully meet both these requirements.

The bonds are secured by a first mortgage on the Miramar Hotel property, Santa Monica, including land (owned in fee), present buildings, and a new six-story Class "A" addition nearing completion. This property is conservative appraised at \$1,185,000 or \$2375 for each \$1000 bond of this issue.

The entire property is leased to highly responsible tenants for a period extending beyond the life of these bonds, at a rental which guarantees an annual income of more than three times maximum interest requirements— providing ample margin to meet the serial maturities of principal.

Priced at 100 and interest, these bonds offer an unusually attractive investment, yielding 7% exempt from California Personal Property Tax.

GROWING TRADE WITH FAR EAST

Our Oriental Exports Show Some Surprising Gains

Finished Manufactures Form Bulk of Business

Tin Plate, Copper, Oils Are High in the List

Sales of United States merchandise to the Orient are showing remarkable gains especially when compared with those of other parts of the world. Exports from the United States to Asia and Oceania in the eight months ending with February, 1924, the latest available record, show an increase of about 44 per cent over the same period of last year, while those to the remainder of the world show a gain of but about 7 per cent in the like period.

The share which exports to Asia and Oceania form of the total exports for the eight months ending with February, 1924, is 17.1 per cent against 14.4 per cent in the same period of last year; 12.7 per cent in the calendar year 1923; 9.8 per cent in the closing year of the war, and 7.9 per cent in the year immediately preceding the war.

The total value of the exports to Asia and Oceania in the fiscal year ending with June 30, 1924, amounts, likely to exceed \$700,000,000, as against slightly less than \$200,000,000 in the fiscal year 1924, all of which produced the opening of the war. In the eight months ending with February the total to Asia and Oceania is \$515,000,000 against only \$355,000,000 in the same month of last year.

HOLDING OUR OWN

This big gain in our exports to the Orient, says the Trade Record of the National City Bank of New York, is the more interesting by reason of the fact that manufactures form a very large percentage of our exports to that part of the world. In the latest year for which exact details on this point are available manufactures formed over 75 per cent of our exports to Asia and Oceania, and the big gains in our 1924 sales to that section of the world indicate that manufactures are holding their own in the post-war competition with those produced in the other parts of the manufacturing world.

And this big increase in our present exports to the Orient while due in some degree to the abnormal demands of Japan which followed the earthquake are by no means confined to that country. In fact increases occurred in our sales to practically all of the important countries of both Asia and Oceania. The value of the exports to China, India, the Dutch East Indies, Ceylon, the Straits Settlements, Australia, New Zealand, the Philippine Islands, Kwangtung, the Far Eastern Republic, and Asiatic Russia, showed increases larger totals in the eight months ending with February, 1924, than in the same period of the preceding year.

Details as to the articles in which this increase occurs confirm the suggestion that the growth is chiefly in manufactures. The number of passenger automobiles sent to the eight countries of Asia and Oceania, for which 1924 figures are available, China, Japan, India, Australia, New Zealand, the Dutch East Indies, the Philippine Islands and Ceylon, showed a total for the eight months ending with February of this year of 34,545 machines against 14,820 in the like period of the preceding year, and of commercial automobiles over 5000, against about 2000 in the 1923 period. Exports of automobiles of all sorts to Asia and Oceania in the eight months of the current fiscal year increased approximately 156 per cent over the same period of last year, while those to all other parts of the world increased but 44 per cent.

EASTERN MARKET GROWS

Tin plate is another illustration of the growing demand of the Orient for our manufactures. The quantity of tin plate exported to India in the eight months of this fiscal year is 23,000,000 pounds, against less than 1,000,000 in the same months of last year; to China, 24,000,000, against less than 2,000,000; to Hongkong, the gateway of Southern China, 10,000,000, against less than 250,000 in the same months of last year. Of refined copper the quantity sent to China is 35,000,000 pounds, against 14,000,000 of printing press, the number to Australia and New Zealand doubled. Of flour the quantity sent to China more than doubled.

Gasoline, fuel oil and lubricating oil also show increases in movements to the Orient, and in auto tires the number exported to Asia and Oceania shows an increase of about 10 per cent, while those to the other parts of the world show a decline of nearly 40 per cent.

Five million farmers of this country keep dairy cows.

BOND QUOTATIONS

Investment Demand
(BY A. P. NIGHT WIRE)

NEW YORK, May 7.—Investment buying of standard public utility and high-grade railroad issues imparted a firm tone to bond prices today. Mixed movements, however, took place in the industrial and speculative rail groups, the improvement in some issues being offset by decided heaviness in others.

Strength of Brooklyn Union Gas Company 7 per cent mortgages, which advanced 2 points on fair buying, was attributed to the easiness of money rates. Both issues were in demand because they had been returning a better yield than similar investment obligations.

Wilson & Co. Bonds displayed strong recuperative power today, all issues scoring advances of more than 2 points, although the convertible 5s dipped to a new record low at 48 before rallying. Improvement was reported in the company's business for April.

Following are closing quotations on bonds listed on the New York Stock Exchange, furnished by Lewis & Clark, 605 South Spring street:

COPS AND BOYS KNOW IT'S HERE

What? Why, Summer? But Young Swimmers in River Get Caught

An unrelenting harbinger of summer was seen yesterday. Disporting themselves in the shallow depths of the Los Angeles River, without bathing suits, were nine boys. Officers Moore and Hensel of the Hollenbeck Heights station happened to witness the swimming party.

"Looks like some kids in bathing," said Moore.

"At least they are wading," said Hensel, who is familiar with the depth of the river.

The boys were routed from the river, forced to don their clothing and were taken to Juvenile Hall. Their ages ran from 10 to 13 years.

They were charged with violation of Ordinance 31,780 which prohibits bathing in the river.

EASY GOING, THEN CAME THE POLICE

"Tip Off" Poker Contest Halted After Broker Had Lost Large Sum

The old "tip off" poker bunko game was worked yesterday with success, up to a certain point, on Louis R. Cranwell, a broker employed by the National Mutual Finance Corporation, according to investigators of the district attorney's staff.

The certain point was where the investigators stepped in and arrested Cranwell. Cranwell, a 35-year-old man, was charged with violation of Ordinance 31,780 which prohibits bathing in the river.

Officers Leave for Placerville in Dunlap Suit

Sheriff Trager and Deputy Sheriff Dewar and Modie left yesterday for Placerville where they have been summoned as witnesses in the damage suit brought against the Sheriff of Placerville by Harry S. Dunlap, in connection with the temporary detention of Dunlap in the search for Harry J. Dunlap, the badge bandit.

BANKRUPTCY PETITIONS

Creditors filed a petition in bankruptcy with the United States District Court yesterday against the A. M. Krenner Company, wholesale jewelry firm in the Grayco Building. The court appointed William H. Moore, Jr., as receiver. The petition estimates the assets of the company at \$65,000 and the debts at \$75,000.

COULD NOT WALK BECAUSE OF PAIN

Bad Case of Woman's Illness Remedied by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo.—"I had such a bad case of female trouble that I could not walk because of the pain from inflammation. My back was all done up. I could hardly bend, could not go up stairs because of weakness, and no one could possibly be in worse shape than I was. I have taken 12 bottles of Lydia E. Pinkham's Vegetable Compound, and I am a strong woman now and can work down any of my neighbors. They wonder how I can do so much work. I dare say that I have recommended your medicine to a thousand women. A little book was thrown at my door, and it is how I first learned of it."—Mrs. D. M. BRANCH, 1104 Morrison Avenue, St. Louis, Missouri.

Re-Discovery of Primitive Methods

Mausoleum Sepulture Merely an Adaptation of Ancient "Natural" Way of Disposing of the Dead

Development of the two beautiful "Temples of the Dead" of the California Mausoleum Co., at Hollywood and Inglewood Cemeteries, is an interesting illustration of the rebirth and adaptation of old and well-known methods of disposing of the dead. In most Oriental countries—respect for the dead, as well as an understanding of "natural" disposal, led to entombment of the bodies of loved ones who have passed away—instead of burial with its horrors, as well as positive danger to the living. Under entombment the body gradually decays and fades away—goes back naturally to the elements of which it is composed. And these elements—mausoleum, of granite, reinforced concrete and marble are so constructed, by a unique method of ventilation, that each individual crypt, that all of the advantages and none of the disadvantages of entombment are avoided. The cathedral atmosphere of the beautiful shrine-like buildings is utterly free from the odor of decay. No one could wish for a more fitting or more dignified resting-place for his loved ones, or a truer or more enduring memorial to the integrity of his loved ones.

BURGLARS GET MUCH PLUNDER

More Than \$9000 is Taken in Few Hours

Jewelry Valued at \$8522 Included

Sacramento Wine Siphoned Through Floor

Jewelry valued at \$8522, clothing valued at \$1000, sacramental wine valued at \$140, and two bathtubs valued at \$33 comprised loot obtained by burglars and hold-up men early yesterday morning, according to reports filed at Central Police Station.

Burglars who broke into the home of David A. Schoen at 421 South Shatto Place by jimmying open the front door obtained a diamond-set bracelet valued at \$600, and \$400 worth of clothing. Mr. Schoen reported to police.

Twice Victim
For the second time in two weeks W. H. Shellman reported he was strong-armed by two bandits near Third and Main streets and robbed of \$12 and a number of personal papers.

Cutting the screen out of a rear bedroom window while members of the family were seated in the front part of the house a burglar entered the residence of Mrs. Jack Nelson at 5148 South Van Ness avenue and obtained two diamond rings valued at \$350.

Mrs. Lela Hamblin's contention that an unlocked house was the best preventive against burglars proved faulty when she discovered yesterday morning that someone had walked through the front door and picked up seven rings valued at \$350.

Wine Stolen
N. Steinburg reported that thieves broke into a small storehouse at the rear of his residence at 1924 East Twenty-seventh street and siphoned off \$140 worth of sacramental wine by inserting a piece of rubber tubing through a knothole in the floor. The wine was contained in a barrel beneath the plank. It was valued at \$152.

Fishing open an unlocked window in the residence of Mrs. Pauline Bean at 4113 Roosevelt avenue a burglar gained entrance to the house and stole a diamond ring valued at \$350.

Ben Goldstein of 223 East Fourth street reported that thieves entered a house under construction at 3200 Sunset Boulevard and made off with two bathtubs valued at \$33.

A score or more of smaller burglaries were also reported to the police of the various substations.

ATTEMPT TO CRACK STORE SAFE FAILS

Yeggs failed to open a safe in the Margaretta rug store at 733 South Broadway early yesterday morning, after attempting to break into it by smashing off the hinges and dial, according to a report at Central Police Station. Entrance to the store was effected by climbing a fire escape in the rear and jimmying open a window.

VALHALLA PARK MANAGERS HIT

were made with no intention of carrying them out but with intent to deceive. The proposition was held out to prospective buyers, the decision declares, that the property would be resold before a second installment would be due on the original purchase.

The statements that both Osborne and Fitzpatrick were men of experience in the development, management and operation of cemeteries were declared to be untrue by Commissioner Kaiser. That there was ever an available sum of \$1,000,000 as declared in a statement to the commission for the beautifying of the property was also declared false. The findings of fact as included in the commission's decision include two separate paragraphs setting forth the alleged misrepresentations made by the company of Osborne and Fitzpatrick.

The Valhalla Memorial Park is located near Burbank and is composed of approximately sixty-five acres according to the commissioner. The approximate gross proceeds to be derived from the sale of the land as burial plots is \$1,250,000.

The difference between the cost and the gross sales, he declared, is distributed as follows: 15 per cent to the corporation, 10 per cent to selling costs, 10 per cent reserved for perpetual care and 55 per cent to Osborne and Fitzpatrick on account of profit and cost of property.

The original price paid for the land is said to have been \$65,000 and the sale of the sections to first buyers was completed in less than six months' time during 1923.

Formal complaint was first filed against the corporation by Lela W. Kenney charging misrepresentation in the sale of the property. The Real Estate Commissioner instituted hearings on the charges on February 15, last.

Score of Hearings
Nearly a score of hearings were held by the "State official" and reached their climax on March 23, when Sales Manager Boykin and Leo Youngworth, attorney for Miss Kenney, the complainant, engaged in a tussle which resulted in a blacked eye for counsel. The hearings were concluded on April 3, when the commissioner took the matter under advisement.

After making his decision yesterday, Commissioner Kaiser said that he is preparing to call a number of other sales managers of the Osborne-Fitzpatrick Company before him for them to show cause why their licenses should not be revoked on similar grounds.

URBINA TO ANSWER IN STABBING CASE

ACTION FOLLOWS HEARING AT BEDSIDE OF VICTIM IN HOSPITAL

After a hearing yesterday at the bedside of Lorenza Silva, innocent bystander, according to his story, at a quarrel that broke out in Sacramento's soft-drink saloon April 25, Urbina was held to answer a charge of assaulting Silva.

Urbina, who was getting the worst of a struggle with two other men when Urbina rushed out of a rear room, waving a knife, and attacked him. Silva has several abdominal stab wounds and his condition is critical.

The hearing was conducted by Justice Russell and Dep. Dist. Atty. Heinicke appeared for the prosecution.

Mrs. K. A. Brainard Leaves Young Daughter

Husband is Wanted on a Statutory Charge

Girl, Concerned in Case is Held as Witness

Mrs. Karl A. Brainard, whose statements at the District Attorney's office resulted in the issuance of a warrant for her husband, charging a statutory offense against a 19-year-old girl, accompanied him in an automobile flight from the city yesterday, leaving behind her 4-year-old daughter.

This was revealed to the District Attorney's office late yesterday by Deputy Sheriff Stensland and Veir, who have been on the case since the warrant was issued by Dep. Dist. Atty. Trippel.

Mrs. Brainard's statements led to an investigation which disclosed the existence of an asserted "home" maintained by Brainard, a former city building inspector, and Sen. A. Hawkins, at 434 Victor street. The names of two girls of good family, ranging from 17 to 21 years of age, who had been lured to the Victor-street address for improper purposes, were involved in the inquiry.

Girl to be Witness
Erma Seidel, 19, taken into custody at San Francisco on information furnished by the District Attorney's office, while she was en route to Portland, Or., to join Brainard and Hawkins, is held in the County Jail as a witness. The names of the other four girls involved in Brainard's amours are withheld by the authorities. No warrant was issued for Hawkins, but he is being sought as a witness.

According to the District Attorney's office, the Seidel girl started for Portland in an automobile with Brainard and Hawkins, but left them at Santa Barbara to be arrested for clothing. Later she left for Portland by auto stage and was apprehended at San Francisco.

Left in Auto
"Our investigations have definitely established the fact that Mrs. Brainard left her 4-year-old girl and went with her husband in an automobile after she had caused a warrant to be issued," declared Deputy Sheriff Stensland yesterday.

Mrs. Brainard and her child have been at the home of Mrs. Brainard's mother, 153 East Seventy-fifth street, while Brainard has been living at the Victor-street "love nest."

CONDEMN BOXING BENEFIT

The Long Beach City Teachers' Club has adopted a resolution condemning the raising of money for the Olympic Games through a boxing exhibition by Jack Dempsey at the Coliseum on the 24th inst.

The resolution terms prize-fighting brutal and demoralizing and urged churches and other organizations to go on record against the exhibition.

jokes, funny sayings, quips or witticisms as you please. They must not exceed thirty words in length. Just to show the kind of laughs wanted, here is an example:

Doctor: I am sorry to say your wife's mind is completely gone.

Husband: I'm not surprised—she's been giving me a piece of it every day for fifteen years.

Did you laugh? Well, try this one:

Baby (crying): Pa, I wanna drink.

Papa: Shut up, I want one, too, but I don't go around crying about it.

And so on, ad libitum. There are all sorts of things you can write jokes about. Matrimonial difficulties vie with prohibition as a favorite subject. Mother-in-law jokes with a new twist always bring a good laugh.

Don't consult newspapers and magazines for jokes, but write your own. That's the real fun of it, for after all, it isn't the money that counts so much, it's the joy of seeing a score of fellows who have created. Then you can go to the theater and watch the audience laugh until their collective sides ache!

Instead his attorney handed the judge a death certificate signed by Deputy Registrar Sief of the health department announcing that the defendant had been fatally injured in an automobile accident and had died at the Receiving Hospital April 29, last.

His bail was ordered returned to his bondsman and the case was stricken from the records.

INTERNAL REVENUE OFFICER IS DEAD

Albert W. Errett, for ten years connected with the local Internal Revenue Department, died yesterday at the Orange County Hospital. He was 41 years of age.

He leaves a wife, Ethel G. Errett, and three daughters, Lenna, Marylyn and Beulah, all of Los Angeles. The body is at Pierce Brothers Mortuary pending funeral arrangements. Mr. Errett lived at 707 South Burlington avenue.

The Pacoima reservoir probably will be one of the first projects to be undertaken.

Members of the Board of Supervisors indicated, however, that all the construction work provided for in the flood-control program will be put under way as soon as legal details in connection with the bond issue can be cleared up.

The Pacoima dam and reservoir stands the best chance of being the first job undertaken because it happens that specifications for it practically are completed by Engineer Reagan's force. The detail work is in such shape that bids could be advertised for within two or three weeks if desired.

The Pacoima dam and reservoir project involves an expenditure of \$1,750,000. The dam will be concrete, 275 feet high, and will be built in Pacoima Canyon about half a mile above its mouth. It will control the flow of water of thirty square miles north of San Fernando Valley and protect several million dollars worth of property in the Los Angeles area. About 12,000 acre feet of water will be held back by the structure. Several cabin and resort sites will be flooded by the artificial lake and the dams will create and provision has been made in the estimate for the reimbursement of owners of damages.

MANY NEW LAKE
The scenery of Los Angeles county will be enriched by the addition of nearly a dozen artificial mountain-lake of varying size as a result of the action of the electors in approving the bond issue.

The largest of these will be created by the erection of the huge San Gabriel dam. This reservoir will have a shore line of nearly 100 miles.

Besides protecting several hundred million dollars worth of valuable farming land and farm and city buildings from the menace of floods, the work to be done under the bond program will add many miles of new water to the agricultural reality in Los Angeles county by reason of the controlled and assured water supply it will afford.

Approximately 25,000 acre feet of storage is provided in the reservoir capacity planned. This actual storage capacity is multiplied several times by reason of the system under which the artificial reservoirs are to be linked up with the underground gravel beds of the county, whereby surplus waters, controlled by the dams, will be discharged into the natural subterranean storage beds. County Engineer Reagan has so planned the flood control system that several artificial lakes, long since depleted, will be restored, and the general water level of the county appreciably raised.

The majority given to the flood-control bond issue by the electors of the district is one of the most remarkable events in the history of the county. Supervisor Reagan declared yesterday: "In view of the short time between the action of the board in placing the proposition upon the ballot and the date of the election it seems to me most extraordinary that it should have carried so decisively."

"I am particularly pleased with the fact that the electors evinced decided approval of the project without the stimulus of a statewide campaign for it," Supervisor McClellan said. "The matter was simply placed before the people to be accepted or rejected and they decided in unmistakable terms. It was an event of tremendous importance to Los Angeles city and county."

Woman Asks \$10,000 for Injury in Tire Explosion

Declaring she suffered a broken jaw when struck by a metal rim that was hurled through the air by the force of a tire explosion, Mrs. Beulah A. Wikoff yesterday filed suit in the Superior Court for \$10,000 asserted damages against Fred Swartz and several of his employees. The accident was said to have occurred in Long Beach, March 1923. The defendants, according to the complaint, were changing a tire when it exploded.

Leonard P. Wikoff, husband of Mrs. Wikoff, also brought suit against Swartz and his helpers for \$1824.

"I consider Grape-Nuts an unexcelled food for the development and maintenance of sound, healthy teeth and gums," states a prominent New York dentist.

"For the growing child the thorough chewing required by Grape-Nuts not only aids materially in building firm, regular teeth and a healthy gum structure, but also strengthens and assists in the proper growth of the entire jaw.

"For the adult this chewing means less tooth-decay, and as a consequence, better digestion."

They have been dextrinized, that is, scientifically broken down into the form your body most readily digests and transforms into strength and vitality.

Grape-Nuts gives you the nourishment you need without forming acids and gas. No matter how much you may have abused your digestive machinery with difficult foods, Grape-Nuts will digest easily and quickly.

Grape-Nuts starts digestion right. Grape-Nuts comes in crisp golden flakes you must chew. This chewing gives you whole mouth healthy. It starts the proper flow of the salivary and gastric juices—the first step to sound digestion.

There is no other food like Grape-Nuts in form or taste. You will like it and it will do you good. Served with cream—a delicious well-balanced meal. Eat Grape-Nuts every day and you will be much more vigorous and alive than you are now. All grocers have Grape-Nuts. Hotels and restaurants serve individual packages of Grape-Nuts.

Right about face
Come up where you belong

Overwork? No such thing. Ten chances to one it's plain case of mismanagement—mismanagement of your body—your digestive apparatus.

Ten chances to one you are eating food that only a laborer could digest. And the result is that you are more than likely suffering from malnutrition—absorbing from improper foods poisons and acids that cause so many physical ills.

But right about face! You can change all this. You can't change conditions, but you can meet and manage them.

Give your body nourishment it demands in a form it can readily digest, and it will repay you tenfold in health and strength.

Strength and vitality are stored for you in this delicious food

IN Grape-Nuts is nourishment you daily need. In the form your body eagerly digests and turns into strength and vitality.

Nourishment you daily need
At least one-third of your nourishment should come from the carbohydrates (a great part of which comes from the grains). For the carbohydrates are your great source of strength and vitality—your power to do work. They are the force that keeps you mentally and physically alert.

But if they are not rightly prepared—if they are not broken down as your body wants them, they may fail to give you their precious nourishment and may, instead, form actual poisons. They must be in a form your body can utilize.

Dextrinized—the way your body wants them
In Grape-Nuts (made from wheat and malted barley) you get the carbohydrates in the most easily digested and most nourishing form. More than three-fourths of the content of Grape-Nuts are these precious carbohydrates.

"I consider Grape-Nuts an unexcelled food for the development and maintenance of sound, healthy teeth and gums," states a prominent New York dentist.

"For the growing child the thorough chewing required by Grape-Nuts not only aids materially in building firm, regular teeth and a healthy gum structure, but also strengthens and assists in the proper growth of the entire jaw.

"For the adult this chewing means less tooth-decay, and as a consequence, better digestion."

They have been dextrinized, that is, scientifically broken down into the form your body most readily digests and transforms into strength and vitality.

Grape-Nuts gives you the nourishment you need without forming acids and gas. No matter how much you may have abused your digestive machinery with difficult foods, Grape-Nuts will digest easily and quickly.

Grape-Nuts starts digestion right. Grape-Nuts comes in crisp golden flakes you must chew. This chewing gives you whole mouth healthy. It starts the proper flow of the salivary and gastric juices—the first step to sound digestion.

There is no other food like Grape-Nuts in form or taste. You will like it and it will do you good. Served with cream—a delicious well-balanced meal. Eat Grape-Nuts every day and you will be much more vigorous and alive than you are now. All grocers have Grape-Nuts. Hotels and restaurants serve individual packages of Grape-Nuts.

Served with cream or with milk, Grape-Nuts gives you the most delicious form of the essential of a well-balanced diet.

CEMETERIES UP TO COUNCILMEN
Before Committee Hears Chatsworth Protest
Members and Residents Say Water is Menaced
Holland Letter Denies Project Threatens

The Water Committee of the city council yesterday wrestled with the cemetery problem in Los Angeles, and a difficult one it was to be. Protests were heard from residents around Chatsworth cemetery, and the project to establish a new cemetery in the neighborhood, at the far end of the San Fernando Valley, some thirty miles from the center of Los Angeles, always get protests, and they come when there is no real need for a cemetery at the site, said Gregory. "Where are we going to put cemeteries?"

TWO FOR PERMIT
Thomas Allan said that he wanted the location "the least desirable" one in the county. Mr. Gregory held firm to the position that the cemetery should be granted. The third member of the committee, Councilman Mallard, said he thought there was no need for more cemeteries in the city. He said the ones already established would fill all needs for years to come. However, granted that there is a need, he said he would oppose the present request.

Representatives of the Chatsworth Chamber of Commerce and many property owners appeared in support of a petition with 1748 signatures asking that the cemetery be located in the Chatsworth area. They said it would decrease property values and might be a menace to the water to the Chatsworth reservoir. In support of the latter, they said the local health officer had advised the city to build a sewer line to the reservoir. The Councilman said that there would be no water in the reservoir at the proposed location.

NO MONUMENTS
J. C. Evans, representing the cemetery graduates, said it was his aim to establish a "cemetery" where head stones and monuments would be prohibited. He said it was planned to mark the graves with trees and shrubs, with no other identification than the name plate laid on the ground for the grave.

HAWTHORNE MAN DIES
BOARDING STREET CAR
J. C. Hawthorne, Hawthorne, died just as he was about to board a street car for Los Angeles yesterday morning, according to a report to the Sheriff's office. Hawthorne was taken to his home by L. O. Marshall, of Hawthorne. Hawthorne had fallen over and died instantly. His body was taken to the morgue of M. A. Anderson.

THIRTEEN TO LEAVENWORTH
Bunko Suspect and Asserted Volstead Law Violator Also Taken East to Stand Trial

Thirteen men sentenced to terms in the Federal prison at Leavenworth left last night in a special car on the Southern Pacific Railroad, in charge of Deputy United States Marshal Finn and several guards and special deputies. Two men going east to face charges in Federal courts brought the party of prisoners up to fifteen.

The latter two are Harry R. Whitaker, patent attorney of Washington, D. C., sentenced to two years for violation of the Dyer Act, in bringing a stolen automobile here from an eastern city, in 1921. Abernathy, it was charged, helped plan the theft of a registered mail pouch last December which contained \$22,000.

Others of the party are Kay Farmer, two and one-half years; Samuel A. Franklin, eighteen months; Joe Gomes, two years; Morris Lewis, eighteen months; Horatio Macal, eighteen months; Jose A. Molinar, two and one-half years; Orin J. McCart, two and one-half years; James McRea, three years; Pete Olmos, fifteen months; Bert Snell, eighteen months, and Hugh Strickland, two years.

The thirteen include Joseph R. Abernathy, former superintendent of schools at Anaheim, sentenced by Judge Bledsoe to five years and a fine of \$10,000 for taking part in a mail robbery, and Norman T. Whitaker, patent attorney of Washington, D. C., sentenced to two years for violation of the Dyer Act, in bringing a stolen automobile here from an eastern city, in 1921. Abernathy, it was charged, helped plan the theft of a registered mail pouch last December which contained \$22,000.

PREPARE TO GRIN, GLOOM FOES ORDER
If You Have Chuckle Get Ready to Spread it for "Laugh-a-Week"

Citizens and patriots, prepare to laugh!

To start the ball of cheer moving the Chamber of Commerce, the Advertising Club and other public-spirited institutions have organized Laugh-a-Week which will begin next Saturday. The idea is to make smiles appear where frowns once reigned.

Mayor Coyer endorsed the plan and said that he felt that Angelenos should help the cause. "Laughter is healthful," he continued, "it does more good than all the medicine in the world. I'm for it 100 per cent."

Frank Wiggins of the Chamber of Commerce also approved Laugh-a-Week.

Speaking for the Advertising Club, Secretary C. M. C. Raymond declared: "You bet we're for it. You can be sure that we will do everything in our power to help the cause and I pledge that every member of the Advertising Club will laugh-a-week."

SOUTHERN LUTHERAN CONFERENCE MEETS
(EXCLUSIVE DISPATCH)
SANTA BARBARA, May 7.—The southern conference of the California Synod of Lutheran Churches opened here last night at the Grace Lutheran Church, with pastors from all sections of Southern California in attendance. Dr. H. U. Funk is president of the conference, which at its first session this morning took up matters concerned with the immediate future of the church and the various aspects of fundamentalism and liberalism as outstanding questions.

URGES AID FOR OLYMPICS
Robert S. PROMINENT REALTY MAN OF CITY DIES
H. S. Simpson Treasurer of McCarthy Company Was Native of Chicago

Howard Sard Simpson of 627 El Centro street, for the past few years treasurer of the J. Harvey McCarthy Company, died yesterday morning after a long illness. Funeral arrangements, which have not been completed definitely, will be in charge of the Los Angeles Commandery No. 3, Knights Templar, of which he was a member. Services will be conducted in Amanda Chapel, Carthy Center, and interment will be in Hollywood Cemetery. Unless it is necessary to defer the funeral for the arrival of Chicago relatives, it will be conducted from Amanda Chapel tomorrow at 2 p.m.

Mr. Simpson was born in Chicago forty-eight years ago, and came to Los Angeles from that city. Shortly after his arrival he joined the J. Harvey McCarthy Company, real estate, as auditor, but later was elected treasurer. For thirteen years he was connected with the Western Electric Company of Chicago, in which organization he held many important offices. He had also been manager of Rathbone, Sard & Co., one of the largest manufacturers of stoves in the United States, which business was largely owned by his family. Besides his widow, Ethel McKee Simpson, he leaves a young son Ned and a daughter, Marjorie Lois.

As a token of the esteem in which Mr. Simpson was held by the workers, flags outside the Carthy Center office of the company were lowered to half mast.

Resort Owners Name Thompson for President
Permanent officers of the Resort Owners' Association of the Sierra Madre Mountains were elected at the third meeting of that association in the home of William Murphy, proprietor of Hoeger's Camp in Sierra Madre, yesterday.

E. V. T. Ryan of Camp V. Ryan was elected president, T. E. Justice of Wildwood Lodge, vice-president; T. Hyverson of Teddy's Outlook, secretary, and E. J. Killian of Sturtevant's Camp, treasurer.

Directors elected were W. E. Cory of Mt. Wilson Hotel, H. C. McCulloch of Camp Baldy and L. B. Austin of Switzer-Land. By-laws of the organization were adopted.

The purpose of the organization is to safeguard and further the interests of the mountain resorts and allied businesses in the Sierra Madre Mountains. The next meeting will be in Sierra Madre on the 13th inst. at 10 a.m.

JURY FAILS TO AGREE ABOUT GIRL'S DRIVING
TRAFFIC OFFICER CHARGES WOMAN FORCED HIM TO JUMP OFF BOX

After being out more than six hours a jury in Police Judge Pope's court yesterday was unable to agree in the case of Dolly Minton, South Main street barber, charged with reckless driving, and was ordered discharged.

Miss Minton was accused of driving an automobile at a thirty-five mile an hour clip past the intersection of First and Los Angeles street, forcing Traffic Officer Le Fleur to jump off his perch on the box. The box, it was testified, was smashed to pieces.

Miss Minton denied that she drove in a reckless manner and charged that Le Fleur arrested her because he "got sore" because he had to jump.

Alba, Castillo Get New Trial Under Decision
Joe Alba and Alberto Castillo were granted a new trial by the Second District Court of Appeal, Division Two, yesterday, where they appealed from their conviction in Superior Judge Keetch's court on a charge of grand larceny.

Following the trial Alba and Castillo contended their confessions made to the police, which they asserted were not given voluntarily, should not have been introduced as evidence at their trial.

Alba and Castillo were charged with the theft of two trunks and a sewing machine, the property of a Japanese woman, March 30, 1922. They were arrested a short time after the goods disappeared and assisted the officers in recovering the property by directing them to persons to whom Alba and Castillo said they sold the articles. After their arrest the two defendants signed written statements admitting the theft and sale but on the witness stand denied any connection with the theft.

Justice Craig, in writing the decision reversing the lower court's findings, held that the confessions appeared to have been given in conformity with the police officers' request or that Alba and Castillo expected to benefit by making them.

Presiding Justice Finlayson and Justice Works concurred.

GIRL CAUSES ARREST OF MAN AS ROBBER
One day last October, Rossella Blume and a man friend went bathing at Bimini Baths. She checked a \$700 diamond ring and gave the locker key to her friend for safekeeping. Shortly afterward, she said, he disappeared with the key and the ring. Yesterday Miss Blume said she recognized a missing man on a downtown street. She summoned Traffic Officer Johnson, who placed him under arrest. The suspect gave his name as Roy E. Stevens. He was booked for suspicion of grand larceny. Detective Lieutenants Cullen and French said they recognized Stevens as a man who is wanted for a similar charge made by a girl at Venice.

NOTASEME

Put a Brick on Ice!

Did you ever try it? Put a common brick on ice. Leave it there for over night—then take it out and see how long it will stay cold. The brick will stay chilled for a great many hours. That same principle applies to the lining of a NOTASEME REFRIGERATOR. This lining is of stone composition. When it is once chilled it stays that way of itself. Even if the ice box is opened a number of

times in an hour the temperature is kept low because of the cold stone lining. For this reason the ice melts very slowly. One piece of ice lasts twice as long as in the old fashioned ice box.

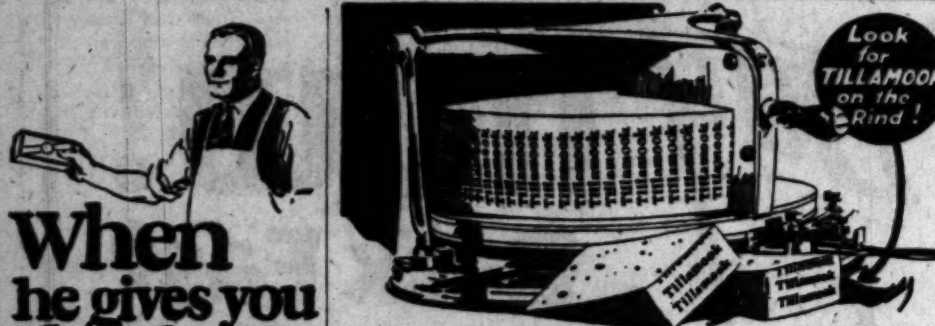

Every corner in a NOTASEME is rounded. No dirt can collect in these rounded corners. The NOTASEME is most sanitary.

Honoring Miss Helen Kinney, daughter of Mrs. Abbott Kinney, and her fiancé, Jack Gerety, whose engagement was announced recently, Mr. and Mrs. Sherwood Kinney of Loraine Boulevard are planning a dinner party tomorrow evening at the Biltmore, the guests to include the bride party, and a few others. Spring flowers and ferns combined with tulle will be employed in the table decorations and covers will be laid for Mr. and Mrs. Sherwood Kinney, Miss Helen Kinney, Miss Helen Fox, Miss Charlotte Lee, Miss Helen Brown, Miss Mildred Magee, Mrs. Abbott Kinney, Mrs. Warren Wilson, Mr. and Mrs. Carleton Kinney, Mr. and Mrs. Joseph Zuckerman, Mr. and Mrs. Innes Kinney, Richard Gerety, Thornton Kinney, Clon Kinney, Jerry Harvey, Edward McNelly and Edward Gerety, Jr.

New Address
Mr. and Mrs. Douglas Longyear (Elizabeth Bayle) have moved from their old address at 914 Irwin street to their new home at 444 Orange Drive where after they are settled they are planning a number of charmingly arranged affairs.

Baker-Barley
Two prominent Southern families were united by marriage Monday afternoon when Miss Edmonia Baker, daughter of Mr. and Mrs. Robert T. Baker, plighted her troth to Louis Carrier Barley, Jr., the ceremony being performed at high noon in St. Paul's Cathedral. The bride who comes from Alexandria, Va., and Washington, D. C., was charmingly attired in a gown of gray silk with hat and furs to match and carried an arm shower of roses and orange blossoms. Miss Mildred Baker assisted her sister as maid of honor in a costume of blue and pink roses. Culbertson S. Sanford of New York served Mr. Barley as best man. Mr. Barley is the son of Judge Barley formerly of the Supreme Court and a resident of Washington. He was graduated from the West Point and was one of the students of the class of '23. He is now identified with the Pacific Clay Products Company of Los Angeles. Among the out-of-town guests at the wedding were Mrs. Robert T. Baker, Miss Mildred Baker, Miss Mary Baker, mother and sisters of the bride who will pass the summer on the coast. Mrs. C. E. Carlin and Keith Carlin of Washington, D. C., and Culbertson S. Sanford of New York City.

In the North
Mrs. Ferd K. Rule of Van Ness avenue left Sunday evening for the north where she will be the guest for six weeks of her brother-in-law and sister, Judge and Mrs. Brewer at their home in Paso Robles.

Wedding Date
Miss Marion Immergluck, daughter of Mr. and Mrs. Max Immergluck of Normandie avenue, has chosen Sunday the 11th inst. as the date for her wedding with Herbert S. Denits. The ceremony will be performed at 8 o'clock in the Mary Louise. Rev. Edgar Magnin officiating in the presence of relatives and friends. Miss Immergluck has chosen Mrs. Frank M. Lipsey, sister of the bridegroom, to act as matron of honor and Miss Pauline Iversen will be the maid of honor. Nelson Harris will attend Mr. Denits as best man. Since the announcement of Miss Immergluck's engagement several weeks ago there have been a number of delightfully planned dinner parties given in honor of this popular young couple. Mr. Denits is the son of Mr. and Mrs. Phil Denits of 752 South Harvard Boulevard.

Returned Home
Mrs. Telfair Creighton, who has been visiting Mrs. Anna Bates Lowe at her home on Lechmont Boulevard for the past week, returned Tuesday afternoon to La Jolla.

Miss Marion Immergluck

The engagement of the daughter of Mr. and Mrs. Max Immergluck of Normandie avenue to Herbert S. Denits was announced recently. Miss Immergluck has chosen the 11th inst. as the date for her wedding, which will take place at the Mary Louise. Rabbi Edgar Magnin will officiate.

Interesting adventure, will give a talk this evening at the Women's University Club on South Hoover street on "Interesting Interview with Modern Makers of History," the proceeds to be devoted to the fund for the exiled students of Russia. There will be a number of dinner parties given before the lecture, this being the last of a series of talks which Mrs. Rodman has given for this worthy philanthropy recently. Among those planning to entertain are Mrs. Harvey Mudd, Mrs. Charles L. Eager, W. B. Stringfellow and Walter M. Brown.

Dinner and Cards
Mr. and Mrs. James Blair Baker entertained with a dinner party and cards at their home, 2137 West Twenty-first street, Wednesday evening in honor of Mr. and Mrs. Robert H. Driscoll, Dr. and Mrs. J. W. Freeman and Mr. and Mrs. I. Morgan Humphreys, who are returning soon to their summer homes in the Black Hills of South Dakota. Forty guests were bidden.

At La Jolla
Miss Gilbert Snowden King and Mrs. David Fawcett, who make their home at the Dabry on West Adams street, motored down to La Jolla several days ago for an indefinite visit, planning not to return to Los Angeles before July.

Household Suggestions
Black Cloth
Black cloth garments will clean beautifully if clear black coffee containing a few drops of ammonia is used.

Silk Hankies
Wash silk handkerchiefs in tepid water containing borax. Use little or no soap. Wrap in a towel and iron when proper dampness.

Get Out the Paint Brush
Gas brackets that have become corroded and unsightly may be painted with aluminum or gilt paint and made quite good-looking again.

The Discolored Coffee Pot
If the tea or coffee pot is discolored on the inside, boil in it a strong solution of borax for a short time and it will soon be clean and white.

For Grapefruit Salad
When making French dressing for grapefruit salad, use grapefruit juice instead of vinegar, to supply the tart flavor. It improves it greatly.

Home Cure for Corns
In the spring most of our families lightly turn to thoughts of feet. A splendid home cure for corns is to roll a lemon until soft, cut a thick slice and bind on corn when retiring. In the morning if it can be pulled out with the fingers. Several applications may be necessary for a complete cure.

Egg Economy
If a cake recipe calls for four eggs and your eggs are scarce, use but three eggs and, in place of the fourth, use one spoonful of cornstarch. Beat eggs and cornstarch together and you can defy anyone to tell the difference.

Lights for the Visitor
When entertaining, be certain that there are lights every place that would be dark or unfamiliar to the visitor. A light on the porch, one in the hall or vestibule, one on the stairs and one in the room where the guest removes her wraps will be a welcome in itself.

Your Home and You
Tar and heavy grease stains will wash out if first rubbed with lard. Menus planned a week in advance will prove more economical and more satisfactory. Cinnamon sprinkled on the stove will keep unpleasant cooking odors and leave a refreshing spicy atmosphere. It is a foolish housewife whose Sunday dinner is so elaborate that her whole "day of rest" is spent in the kitchen.

We hear more and more talk of the Walker Auditorium, the new hall in Los Angeles, as a center of Americanization work. Prof. Harry Shaffer, assistant superintendent of Los Angeles schools, in an address at the Hywood Club luncheon yesterday, said that the city's Americanization work is in a very real sense a battle against illiteracy. MOUSE IMITATOR DISMAYS WIFE

Novel Annoyance Stunt Is
Charged in Complaint
of Mrs. MacBain

When Aubrey MacBain, Hawthorne photographer, wanted to annoy his wife, he put his mind to the matter and evolved a method that veteran attaches of the office of County Clerk Lampton on reading the complaint of Mrs. Adelaide MacBain, hailed as a novelty in the line of mental cruelty.

He hid under the bed and made a noise like a mouse, Mrs. MacBain declares.

When finally she summoned up sufficient courage to look under the bed for the mouse and saw a man, she was scared almost to death, she asserted. And to top off the occasion, she rectified, he then crawled out from under the bed, and threw shoes, books and clothes at her.

YOUNG TRIO FACE TRIAL AS SLAYERS

State to Ask Death for
Murder of Policeman in
Attempted Bank Hold-up

Selection of a jury to hear testimony in the trial of three youths charged with the murder of Patrolman Glen E. Bond during an attempted hold-up of the Merchants National Bank agency at Seventh and Hoover streets last February occurred yesterday in Judge Keetch's court.

The accused trio are Tom Bailey, Ed Monte and Louis Perry, all of whom were nattily dressed and groomed when they took their seats at the end of counsel table.

Examination of prospective jurors occupied both sessions yesterday and counsel for both sides stated it was not expected a jury would be sworn in before late today or tomorrow morning.

Early developments in the questioning of witnesses indicated that the State will seek the death penalty for each of the accused men. It was also apparent that the jury is likely to consist largely of women, eleven having been seated in the box at one time yesterday.

The case is being prosecuted by Dep. Dist. Atty. Howell Richardson, Helms and Dennison, while Public Defender Aggeler, his chief deputy, P. H. Vercoe, and Attorney Guy Eddie are representing the defendants.

Oscar Perry, brother of Louis, and asserted leader of the gang that murdered Patrolman Bond, is scheduled to enter a plea today before Judge Keetch to a supplementary indictment charging him with murder and robbery. The true bill specifically accuses him of the murder of Patrolman Bond and the robbery on February 18, last, of the Pacific Southwest Trust and Savings Bank. Oscar Perry will be given a separate trial.

Love Theft Suit
for \$50,000 Ends
by Settlement

The suit for \$50,000 asserted damages brought by Valentine M. Scroggs of Hollywood against William B. Shaw, said to be Scroggs' former friend and business associate, has been settled out of court, it was learned yesterday when the case was called for trial in Judge Burke's court. Scroggs charged Shaw with stealing the love of the former's wife, Mrs. Myra R. Scroggs.

In his complaint Scroggs stated the defendant had enticed Mrs. Scroggs away from her home after she had lived happily with her husband for twenty-eight years. The asserted separation was said to have occurred in July, 1923.

Shaw answered that he and the plaintiff were formerly engaged in the real-estate business and that after Mrs. Shaw's death in 1916 he went east, returning to California in 1920. Shaw said he made his home with the Scroggs couple at the earnest solicitation of the plaintiff. Shaw also stated that Scroggs drank heavily and he blamed the asserted estrangement of the plaintiff and his wife on this.

The Woman and Her Job.

(Questions concerning the problems of women will be answered in this column if addressed to Mrs. Watrous at The Times. Requests for personal replies must be accompanied by a stamped envelope.)

STRANGERS ALL!

Dear Mrs. Watrous: Is it true that business firms in California are in agreement not to employ easterners? By the word "easterner" I do not mean the tourist class, nor the semi-invalids, but rather those of us who are able and intelligent, and who have come to California hoping to find a place to earn the money with which to live among more comfortable surroundings than we have had in New England and the near-east.

This question arises from my own experiences here, and from a little phrase I noted in a recent Times advertisement in which the employer said he would "consider an eastern woman" for the position. Yours very truly, Sophia.

You are wrong, my dear lady, in thinking so badly of our Los Angeles business men. As a matter of fact, with Iowa running a hundred thousand strong, and Nebraska noting in for place, Mr. Business Man finds it impossible to exclude all save Native Daughters from his pay roll.

I've known business women in a number of cities, and it always seems difficult for the outsider to find placement. If business is good, and she is an expert in some particular line, she will be put to work without loss of time.

It isn't that people look askance at the outsider, as do dogs in a kennel when a stranger is turned loose among them, but the stranger has not yet established those friendly contacts which mean so much in business. There are a dozen channels in which news of a possible vacancy will filter through to the ears of one who may want that opportunity.

In fact, that is the way in which the majority of our employers get their people.

If you apply for a position and say you have been with Jones & Smith for two years, the man with whom you are talking will have a different feeling toward you. Suppose you say you've been with Eben Smith & Co. for two years. Smith plays golf with the man to whom you are talking, and he knows Smith makes him feel that he knows something about you. If he isn't a friend of Smith's, he wouldn't have been kept on the pay roll for two years.

On the other hand, assume you have applied to the chief stenographer. You offer every proof of your ability to do the work, but you have no "local references." She feels no kinship with you and even the fact that her assistant, Susie Smith, is to be married next month, and someone will be required to take her place, will not influence her in your favor. You see, she knows a nice girl over in the Merchants' Bank Building, and she'd rather have that girl to whom she is friendly than someone whom she does not know and may not be able to work with harmoniously.

I've told you why local references have weight, now let's see how that defect may be remedied.

First of all, try for a temporary job. Take anything offered in your line, even though it may be for only a few days. This enables you to make acquaintances—to get the local references. In temporary work employers are not so particular to have someone who has been working in the next block. If he takes you where you are from, name some one of our valley towns: Stockton, Bakersfield, Fresno, Oakes, etc. The public library is well supplied with city directories from which you can get a few names of business firms. There isn't one chameleon in a thousand that he will investigate. If it's a temporary job, he will not be concerned.

National Scope is Planned for Flag Campaign

With the assistance of the Motion Picture Producers' Association, of which Will H. Hays is president, the Hollywood Chamber of Commerce plans to make its "Flag in every home" campaign a nation-wide movement. It was learned yesterday. The aid of the producers' organization has been pledged by Fred W. Beeton, secretary, and it is proposed to add a short "trailer" to every film released by members of the association, telling of the campaign.

The "trailer" films will give a short flash of a waving flag and a few words of explanation of the campaign and its purpose. The country-wide drive is expected to culminate in a great display of national colors on Memorial Day when the campaign ends.

In addition to the short lengths of film which are to be distributed nationally, reels showing the progress of the drive in Hollywood will be shown at various playhouses in the film capital.

Pleated Skirts of Heavy Silks, Exceptionally Priced at \$13.75 and \$15

SPORTSWEAR takes on new interest when it becomes possible to acquire a pleated silk skirt at a price so very much lower than their beautiful quality justifies.

An excellent quality of flat crepe or canton crepe gives these skirts a fineness which marks them as much to be desired.

150 Skirts are of Canton Crepe in knife pleats or a combination of knife and box pleats. White, gray or tan and in sizes from 25 to 36. Priced at only \$13.75.

100 skirts of Flat Crepe are in new shades such as ash, gold, powder blue, besides white and tan. Remarkably priced due to a special purchase at \$15. In sizes from 27 to 37 waistband.

Wardrobe Trunks of Fine Construction Only \$33.75

OF almost as much importance as buying a ticket for a journey is the purchase of a good substantial wardrobe trunk such as these which Robinson's are offering.

One of these trunks will prove an admirable traveling companion, withstanding many, many miles of hard travel. And best of all, one wardrobe will be in a surprisingly fresh, uncrushed state at the journey's end.

Features which make it desirable are the four drawers, removable shoe box, locking bar, nine hangers, cushion top to prevent garments from wrinkling, three-ply veneer lumber box, rounded edges, reinforcing corners and spring lock.

Robinson's are now offering these splendid trunks at the economical price of \$33.75.

SCHOOL BONDS NEED IS CITED

Supt. Dorsey Points to Present Omissions
Says 20,000 Children Are on Part Schedule
Explains Aims of Project Entailing \$34,640,000

Adequate schools are necessary for the commercial and industrial development of a city, according to Mrs. Susan M. Dorsey, superintendent of the Los Angeles public schools, who emphasized in a statement yesterday the urgent need for the adoption of the \$34,640,000 school bonds issue at a special election June 3.

Mrs. Dorsey said 20,000 children now are out of classes on half-day schedules as a result of overcrowded conditions. She also pointed out that many sessions are being held in poorly lighted basements and in halls, cloakrooms, tents, churches, bungalows and out of doors.

FORECASTS DISASTER
"It is impossible to estimate the far-reaching damage that will result if the bonds do not carry," Mrs. Dorsey said.

"Capital and labor will not come to a city where children cannot be properly educated. The number of half-day sessions will be increased and many thousands will be forced out of school entirely."

"Bond money will be spent only for land, buildings and equipment. The proposed bond issue will provide 119 new buildings ranging from eight to thirty rooms. Twenty-five of these buildings will be new, thirty-two additions to old buildings ranging from one to twelve rooms also will be made."

FOURTY NEW SITES
"The land-purchasing program will provide for additional ground for 124 existing schools; forty new sites, twenty-five of which will have new buildings. Other sites will be utilized for bungalows in suburban districts."

"High-school funds will provide ten additional buildings to the junior high schools, two-thirds of the cost of which is for elementary children, although not financed out of high-school funds, and nine new junior high schools. Eight new senior high schools and seven additional additions to senior high schools also can be built."

COUNCIL FOR BOOST TO POSTAL EMPLOYEES
The City Council yesterday joined the movement for more pay for postal employees.

President Workman was authorized to send this telegram to the chairman of the House Committee of the House of Representatives: "We request that immediate consideration be accorded legislation to increase pay of postal employees. We feel that action prior to adjournment of Congress is necessary."

CITY COUNCIL ACTS TO ACQUIRE PARK LANDS
The City Council yesterday adopted a new ordinance of intention for obtaining lands for the proposed public park in the Bimini Slough district, which now is estimated to cost \$475,000. In the \$475,000 previously estimated, "Protests against the lines of the Bimini Slough will be heard May 20. It is proposed to hold the election June 10."

STOMACH TROUBLE GONE SAYS MRS. MINNIE BOLTE

"For Years I Suffered and Tried All Sorts of Medicine—None Helped Me Until I Took Tanlac."

"For years and years," recently said Mrs. Minnie Bolte, 135 Gates St., San Francisco, Calif. "My stomach was in such a bad fix that everything I would eat hurt me. I not only suffered from gas bloating and pain, but often became so nauseated that I could not retain a morsel of food."

"I had no appetite and would get so weak from indigestion and lack of nourishment that I could hardly stand up. Finally I had to give up work entirely and while I tried all kinds of medicines, nothing helped me until I ran across Tanlac."

"Tanlac just seemed to soothe and settle my sick stomach from the very first. So a few bottles of Tanlac corrected my troubles and brought back my strength, and from that day to this, several years now, I have enjoyed good health. I feel it my duty to tell others about Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

FIFTEEN minutes, perhaps less, and that maddening itch will be relieved. Yet this startling fact—in itself one of the most remarkable qualities of Resinol—abundantly indicates of its real healing properties.

Deep down beneath the irritation, where many salves and remedies fail even to reach, lies the real cause of

PLANS CITY BEAUTIFICATION

Chamber of Commerce Opens Campaign, Starting With Survey of Parks and Districts

A campaign to bring about the beautification of public parks and private residential and business grounds in Los Angeles was inaugurated by the Chamber of Commerce yesterday, according to an announcement by President William Lacy.

The first step was the appointment of a committee which will be known as the outdoor art committee. This body will be composed of three men who are empowered by the officials of the Chamber of Commerce to make a survey of the Los Angeles park system and investigate the various districts of the city.

It is the aim of the chamber to devise new plans for enhancing the beauty of the city.

KIDDIE KOOP TO HAVE AID OF WOMEN

Advisory Board Chosen; May Day Fete Planned to Help Institution

Supplementing the Kiddie Koop board of directors, five prominent women, serving in the capacity of an advisory board, have been enlisted for an active interest in philanthropy.

The Kiddie Koop, at 641 East Twenty-eighth street, is unique among institutions of its kind, since it is maintained and governed exclusively by men.

Four years ago, when established, it offered a refuge to a dozen homeless little ones ranging in age from 1 to 5 years. This number increased to fifty, the home's present capacity.

The men have stuck valiantly and enthusiastically to their philanthropy and today the Kiddie Koop is carrying on its humanitarian work in a systematic, thorough way.

In the appointment of an advisory board of women, the men are giving up none of their responsibilities. The board of directors remains masculine, including among its members Thomas R. Bishop, Jr., president; K. D. V. A. K. R. A. N. Donald W. Skeel, M. D., and William W. Bearman.

The personnel of the advisory board is made up of five women prominent in philanthropic, club and social life of the city: Mrs. Samuel Brown Thomas, chairman; Mrs. Albert L. Jewell, Mrs. Mary Hamilton H. Cotton, Mrs. Force Parker and Mrs. William H. Karna.

Financially the men who are fathering the Kiddie Koop have shouldered a large share of the support of the home.

Now the directors are planning a benefit for the home—a children's May Day fete to be given at Philharmonic Auditorium the afternoon of the 17th inst.

The entertainment, presented in the form of a fantasy, and directed by Anna C. Dowdall, "Good Fairy," is being produced and it will net 100 per cent for the Kiddie Koop, since the auditorium is being donated for the affair by W. A. Clark, Jr., and other incidental expenses are contributed by a group of the fete's sponsors.

STOMACH TROUBLE GONE SAYS MRS. MINNIE BOLTE

"For Years I Suffered and Tried All Sorts of Medicine—None Helped Me Until I Took Tanlac."

"For years and years," recently said Mrs. Minnie Bolte, 135 Gates St., San Francisco, Calif. "My stomach was in such a bad fix that everything I would eat hurt me. I not only suffered from gas bloating and pain, but often became so nauseated that I could not retain a morsel of food."

"I had no appetite and would get so weak from indigestion and lack of nourishment that I could hardly stand up. Finally I had to give up work entirely and while I tried all kinds of medicines, nothing helped me until I ran across Tanlac."

"Tanlac just seemed to soothe and settle my sick stomach from the very first. So a few bottles of Tanlac corrected my troubles and brought back my strength, and from that day to this, several years now, I have enjoyed good health. I feel it my duty to tell others about Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

CROSSING IS ORDERED AT BOULEVARD

Pacific Electric to Lower Track at Carthy Center; Termed "Real Hazard"

City Attorney Stephens, yesterday was notified by the State Railroad Commission that the city's application for a grade crossing at McCarthy Vista and Eulalia Boulevard, Carthy Center, had been granted and the Pacific Electric Railroad was ordered immediately to proceed to the lowering of its tracks at that point.

The commission's order also directed that the railroad company's crossing over Wilshire Boulevard, at Carthy Center, should be made to conform to the new grade of the boulevard. This latter improvement will remove an obstruction that has been a source of annoyance to motorists and which is characterized by the commission as "a real hazard."

The commission regards the McCarthy Vista and Eulalia Boulevard crossing as necessary in order to establish connection between the developments on the north and south sides of the railroad tracks. Considerable development work has been awaiting the project.

The new crossing is to be 130 feet wide and is to be protected by an automatic flagman. It will give access to the new Carthy Center business district where plans are in the making for the erection of several stores, a theater, a large moving picture theater, a building for a city fire house, library, a new public school, etc. The board of the order, which is dated the 5th inst., become effective in ten days.

That part of the order which directs the city to lower the railway

tracks across Wilshire Boulevard to the present grade of that highway brings to an end, for the present, negotiations that have been going on for some time between the railway officials, the city, the Automobile Club and the grade crossings committee looking to a determination of the treatment of the crossing.

The commission notes that public opinion is absolutely opposed to an overhead structure across the boulevard and finds that the cost of depressing tracks under the roadway would be prohibitive and concludes that "it is evidently impractical to attempt to separate the grades at the present time."

SAYS ALIMONY FEAR ENDS INCOME BOAST

WIFE DECLARES HUSBAND COUNTED HER WITH TALK OF RICHES

For courting purposes Frank Kenneth Cardwell had a regular income of \$500 a month, Mrs. Lois Elsie Cardwell, his pretty 17-year-old wife, testified before Judge Guerin yesterday.

When the matter of alimony came up, however, the situation was different entirely, she said. His income was only \$250 or \$300 per day, and only on some days at that, it developed.

Mrs. Cardwell wanted alimony of \$250 per month, pending trial of her suit for divorce on cruelty charges. To substantiate her claim she said her husband had told her prior to their marriage that he was the partner of his father in the house-building business, and that he made \$5000 per year.

On Cardwell's showing, however, that he simply worked for his father occasionally as a carpenter's helper at \$2.50 to \$3 a day, Judge Guerin awarded Mrs. Cardwell \$15.00 per week for the support of herself and her 8-week-old son.

WIFE SAYS EMPLOYEE HIT SPOUSE

Husband's Skull Fractured by Hammer; Woman and Assailed Held

A statement blaming H. O. Barrett for an attack on Frank J. Fredericks, in which Fredericks' skull was fractured with a hammer, was made to the police of University Station yesterday by Mrs. Elsie Fredericks, wife of the injured man. She scored Barrett bitterly for attempting to involve her in the attack.

Fredericks was injured about 11 p.m. Tuesday. Yesterday he was transferred to the General Hospital, where his condition is considered critical. Barrett is under arrest, charged with assault with a deadly weapon, and Mrs. Fredericks is held in jail as a witness.

In a statement soon after his arrest Barrett is declared to have said Mrs. Fredericks aided him in the assault.

Mrs. Fredericks, police said, declared the attack was wholly unexpected, and that Barrett attacked her with the same weapon after striking her husband. She said she had hired Barrett as a salesman for her real estate office, and because his income was small, invited him frequently to her home for meals. Tuesday night, she declared, Barrett sat down to play the sifter after supper while she and her husband washed the dishes, and presently went out, saying he was going to get a drink. He returned later and Fredericks was playing the sifter. Without warning, she asserted, he picked up a hammer and struck Fredericks on the back of the head. As Fredericks jumped up

and ran, she said, Barrett turned on her and struck her also on the head. The police will hold both Barrett and Mrs. Fredericks pending further investigation, it was said.

REVENUE FORCE HERE TO GET FORTY MEN

SPECIAL INVESTIGATORS TO BE TRANSFERRED FROM SAN FRANCISCO

Forty special investigators of the Internal Revenue Department who have been working the last year in San Francisco arrived in Los Angeles yesterday to begin an investigation of incomes derived from oil leases, real estate transactions, such as bootlegging. According to Frank R. McReynolds, supervisor in charge, these special men will be in Los Angeles through the remainder of the year.

Taxes paid in San Francisco as a result of special investigations amounted to nearly \$2,000,000 in a year, McReynolds said. It was found that about 5 per cent of the income returns were designed to defraud the government, while close to 50 per cent contained errors, the correction of which necessitated the payment of additional tax.

WIFE SAYS HUSBAND THREW GRAVY ON HER

Testimony that William T. Jones threw a skillet of meat at her and precipitated a divorce suit, Mrs. Elsie May Jones, wife of the defendant, gave yesterday in Judge Fleming's court.

Mrs. Jones also told the court her husband beat her on many occasions and once attacked her mother. She was awarded alimony of \$25 a month for one year.

NEW GROUP PLAYS PLAYS FOR DIVORCE

Now that he has been weeks of rest after his Africa, Edwin Curren opened his office at the studios, where he will continue to work on another picture.

Curren spent the last of this year on the set of the Algerian desert scene in the picture "The Desert." A Pullman manufacturer returned from Detroit to this district for Pacific distribution at much lower cost in the middle West. "We make them cheaper," he said, "because we are not paying for the cost of shipping them to the West. With his staff Curren will be preparing a new picture, "The Desert," which will be shot in June 1.

STRAW HAT DAY SET IN OFFICIAL UKASE BY MAYOR

Next Tuesday has been set officially as Straw Hat Day by Mayor Cryer, who declared in a proclamation yesterday the straw hat is the true symbol of California sunshine.

Whereas, the one transcendent blessing bestowed with lavish and perpetual favor upon this particular region is the California sunshine, which, for three hundred and thirty days of each year, radiates from heaven its warm and health-giving benediction to gladden the hearts of men;

Therefore, be it ordered that should symbolize, first, our appreciation of California sunshine, and second, our desire to make known to, and share this benediction with any and all who will but visit this favored region;

Furthermore, the straw hat is truly symbolic of sunshine and out of doors.

Therefore, be it ordered that I, George E. Cryer, Mayor of Los Angeles, do hereby set aside and establish Tuesday, the 13th inst., as Straw Hat Day; and I strongly urge that on that day all good citizens don their straw hats and thereby give evidence to their love and appreciation of our richest blessing, California sunshine.

TWO ELDERLY MEN HURT IN TRAFFIC

VICTIMS RUN DOWN BY AUTOS TREATED AT HOSPITAL FOR INJURIES

Two elderly men were injured severely early yesterday morning by autos.

Ollie Erickson, 84 years of age, of 326 North Hill street, was struck down in front of the Courthouse on North Broadway by a car driven by R. P. Collins of 3004 Humboldt Drive. He was taken to Receiving Hospital where it was said he was suffering from a fractured arm and numerous bruises.

Warren Patten, 74, of 632 South Bixel street, suffered contusions and abrasions of the body when he was struck down by an auto driven by C. H. Lewis of 513 East Forty-Seventh street. He also was taken to Receiving Hospital.

TAKEN AS SELLER OF PIANO HE DIDN'T OWN

H. C. Cash, accused of selling a piano to Mrs. Georgia Encinas, 116 North State street, without having paid for the instrument, surrendered himself yesterday to Harry Raymond, chief of detectives, and F. E. Lacey, an investigator of the District Attorney's office. Cash is accused of having obtained money under false pretenses. His daughter, Mrs. Mitchell, also was arrested on the same charge.

Cash was arraigned before Justice Ballard and held in \$3000 bail for a hearing the 12th inst. before Justice Russell. Mrs. Mitchell's hearing will go on at the same time.

With his staff Carver has been preparing a new series of plays. Actual shooting will start June 1.

SHULER LOSES VITAL POINT

Court Says Decision in \$50,000 Suit Will Not Be Affected by Richmond's Failure to Reply

Rev. George Chalmers Richmond, retired minister of the Protestant Episcopal Church, won a strong point in his suit for \$50,000 damages against Rev. Robert P. Shuler yesterday when Judge E. P. McDaniel announced from the bench that the estoppel defense set up by Mr. Shuler would have no bearing on the court's decision.

Mr. Richmond is suing for asserted defamation of character, declaring that Mr. Shuler published an article in the latter's magazine that Mr. Richmond had been "kicked out" of the Protestant Episcopal Church.

Mr. Shuler's defense was based on the assertion that the article published in his magazine was merely a recapitulation of facts as contained in a purported newspaper interview with Mr. Richmond and as delivered from the pulpit of Mr. Shuler's church, Methodist Episcopal Church, South.

Mr. Shuler contended that inasmuch as Mr. Richmond had failed to defend himself when invited to take the pulpit to explain the interview, he had no cause of action in court.

OIL MAN ACCUSED OF FRAUD

C. O. Jagers Is Held on Charge of Securities Act Violation; Agent of Kre-Ko Company

C. O. Jagers, oil promoter, was arrested yesterday afternoon at Long Beach on a warrant charging violation of the Corporate Securities Act. He was lodged in the County Jail later in the day by Deputy Sheriff Luker. Jagers, according to information at the Sheriff's Office, sold oil leases to a clientele composed largely of ranchers in the San Luis Obispo district.

A. R. Apple, his partner, is being sought by the Sheriff's office and by three former deputy sheriffs who resigned their posts to become agents for the Kre-Ko Oil Company, as the Jagers-Apple enterprise was known. The three deputies are Charles Oswald, J. E. Leonard and John P. Andrews.

Armed with trust permits to sell stock Jagers and Apple are asserted to have disposed of thousands of dollars' worth of stock in the Kre-Ko company in which they asserted that ownership of considerable valuable oil land and numerous equally valuable oil leases was vested. A huge burlesque at San Luis Obispo played a leading part in the disposal of stock.

The assets of the Kre-Ko company are asserted to be largely mythical, the most tangible part of the company being its name. Records fail to show ownership by

TOURISTS TO HAWAII RETURNING

Liner Calawai in Port With Record Passenger List from Honolulu

The Hawaiian travel tide yesterday began turning toward the mainland with the arrival of Honolulu of the Los Angeles Steamship Company liner Calawai, with 191 passengers. One hundred and sixty-five were first-class, the largest number ever carried in that class. For the next month, line officials announce, a heavy movement is anticipated, after which the summer run of tourists to the island will begin again.

Among the passengers arriving yesterday was Sir John Lynn-Thomas and Lady Mary of England, who are journeying back leisurely from Australia. Sir John is a retired surgeon, one of the leading specialists of Wales, and is an intimate friend of Lloyd George. They will visit the Grand Canyon and several national parks and proceed to Rochester, Minn., to visit Dr. William Mayo before continuing home.

Nathan Milnor is returning from a trip to the Orient where he obtained a large collection of Chinese jades, ivories and statuettes. He is president of the Milnor string of art shops in the Southland.

HIGH SCHOOL PUPILS GIVE MERRY PLAY

Gilbert and Sullivan Presented by Combined Glee Clubs

Performers in Opera at Manual Arts

Edith Lingerfeldt as the duchess, Elizabeth Bakerville as the daughter, and Kenneth Fa Gaines as the Duke in "The Gondoliers."

WITH a background of canals and gondolas, the combined glee clubs of Manual Arts High School yesterday presented the merry old Gilbert and Sullivan opera, "The Gondoliers," with the stage crowded with gallant

Venetian noblemen and fair ladies. There were velvets, laces and buckles, with a fair quota of gondolas and gay kypses. The principal roles were taken by Kenneth Fa Gaines as an upstage duke with a mustache and an eyeglass; Edith

Lingerfeldt as his comedy duchess, and Elizabeth Bakerville as the beautiful daughter. The opera was a break in the serious trend of the offerings of Music Week. It being light and airy, it will be repeated tonight and tomorrow night.

well-known Los Angeles violinist, will play many of his own compositions. The program is part of the luncheon of the American Music Optimists.

PLAN CANCELLED
Owing to the effort involved in arranging the band contests in the Coliseum Saturday and Sunday afternoons, and the number of bands and heavy personnel to be present, the international music festival, designed to close Music Week at Exposition Park Sunday afternoon has been cancelled.

James Stewart, executive director, announced yesterday. Many of the events scheduled for Sunday, such as the Norma Gould classic dance feature, will be included in the program in the Coliseum, it is said.

Miss Grace Freer announced that leading music houses of the city have furnished pianos and transportation for her extensive programs to shut-ins throughout the city, as well as at Hollywood Bowl and the Gamut Club. All the professional band concerts in the parks, from theaters and elsewhere, were supplied through the courtesy and co-operation of the Musicians' Mutual Protective Association, it is said.

Since the official program was printed, the Russian program at Central intermediate school, 451 North Hill street, tonight, has been augmented to include features and numbers from the Belgian, Swiss and Slavians, as well, it was announced by Miss Edna Briggs, chairman.

GAMUT CLUB PAYS TRIBUTE TO LUMMIS
Members of the Gamut Club assembled at a dinner last night in their clubrooms at 1644 South Hope street.

Charles Fletcher Lummis, whom they call their most distinguished active member. Mr. Lummis has been a member of the Gamut Club for nineteen years and the dinner last night was a man's dinner celebrating the birthday of a man, and the birthday of a nation.

Mr. Lummis is noted as a writer of prose and verse. He is the author of a semi-Spanish history of Mexico, which brought him a decoration from the Queen of Spain, the highest honor for literary efforts. He has authored more than 1000 folk-songs, hymns and songs of the range, all reminiscent of the early Spanish days in California. These have been set to music by Arthur Farwell.

During the dinner, which was attended by more than 100 members, letters and telegrams were read from George Sterling, David Starr Jordan, John Stephen McGroarty, Charles G. Dray, John F. Kanst and many others known in the world of art and letters. Spanish brought him a number of gifts by many of the musicians present.

The guests of honor were Frank Mullens, London baritone; Andre de Haas, tenor from Paris, and Elmer Hoisel, baritone from Mexico City.

DEMURRER UPHOLD IN HEART BALM SUIT

CASE AGAINST ST. ALBANS IS TEMPORARILY THROWN OUT OF COURT

The suit for \$100,000 damages brought by Miss Maudie Logan against Edward St. Albans, reputed wealthy oil man and capitalist, for alleged breach of promise, was thrown out of court temporarily yesterday when Judge Coulter sustained a demurrer of the defendant to the action.

In her complaint, Miss Logan stated St. Albans agreed to marry her last year, the wedding to take place at some date to be fixed for the early part of the present year. The defendant since then has and now refuses to marry the plaintiff, according to Miss Logan, who averred she was humiliated by St. Albans' asserted change of heart.

On information and belief, the plaintiff asserted, St. Albans was worth in excess of \$500,000.

GLENN IS ARRAIGNED ON ROBBERY CHARGE

Frank (Buck) Glenn was arraigned yesterday before Judge Hardy on charges of robbery in connection with the hold-ups of the Santa Fe Springs Bank at Los Nietos and the Downey State Bank. The plunder in the former robbery was \$2300, while the second was robbed of \$2160. William H. Kay, asserted pal of Glenn, and jointly charged with the two robberies, was before the Lunacy Commission.

WARNERS PLAN MUCH WORK

Season's Film Schedule Will Equal and May Exceed Last Year's; New Laboratory to Open

More than twenty feature films will be produced by Warner Brothers during the season of 1924-1925, it was announced yesterday by Harry Warner, general manager of Warner Brothers Studio on Sunset Boulevard.

"The books and plays to be filmed, according to Mr. Warner, include "The Age of Innocence," by Edith Wharton; "The Dark Swan," by Ernest Pascal; "The Light House," by Owen Davis; "The Eleventh Virgin," by Dorothy Day; "Eve's Lover," by Mrs. W. K. Clifford; "Deburau," the Belasco production by Sach Guitry; "The Lost Lady," by Wills Cather; "My Wife and I," by Barlett R. Stone; "The Narrow Street," by Edwin Bateman Morris; and "The Dear Pretender," by Alice Rose Colver.

Ernest Lubitsch, the German director, will remain with the Warner Brothers last year.

The new film laboratory at Warner Brothers studio will be ready for occupation within a month, according to Mr. Warner. This laboratory will enable the organization to handle the technical end of the printing and titling of its features and will hasten releasing dates, it is said.

Mr. Warner declared the organization is to equal its schedule of last year with the possible addition of two or three feature films. Twenty-two productions were released by director, will remain with the Warner Brothers last year.

FOR BETTER HOMES, AIM OF PROJECT

Practical Exhibits to be Phase of Observance in Los Angeles

"Better Homes Week" will be celebrated officially in all parts of the United States from the 11th to the 15th inst. Local plans for observance are being formulated by a committee headed by Dr. Maoria Tracy Whiting, Siegfried Goetz and D. C. Casselman, who were appointed by national executives of the movement in Washington.

During the week a number of small homes will be exhibited to show the most practical methods of construction with lectures on financing of homes, designs and other allied subjects. Everywhere architects, builders, merchants and other business houses will be conducting exhibits relative to home building, financing and home furnishing.

In the schools discussions will be directed under the supervision of teachers and principals. Through the local committee efforts will be made to obtain co-operation of the building trades by acquiring the standardization for small homes that will be a credit to a community. Dr. Whiting, in speaking of the movement, said: "Our motto is 'To raise the standard of the American home is to raise the standard of the American people.' Largely educational in its scope, the project is a time during which the home builder may be brought to realize that a home is something more than a place to live.

"We plan to assist and encourage the home builder to improve his environment, increase efficiency of the wage-earner of the house, stimulate sensible and appropriate purchasing for home improvement and to mobilize community pride for a common objective."

ROBBERIES ADMITTED. DETECTIVES DECLARE

BLACK AND FRANCE ACCUSED OF USING EXPLOSIVES IN BURGLARIES

Jack Black and Homer France were accused in three counts of burglary with explosives in a complaint issued yesterday by Dep. Dist. Atty. Vohayda. A penalty of twenty-five to forty years imprisonment is provided by the law for this offense. According to Detective Lieutenants Kopyev and Prutsky, the men have admitted thirty burglaries in the business district.

On March 14, it is asserted, they blew the safe of Joseph Flores, 521 North Main street, on March 28, they rented a room above the store of Julius Solomonson, 123 South Main street, cut a hole through the floor and blew his safe; on April 28 they blew the safe of A. P. Tarrar, 841 South Main street, police assert. When arrested, it is declared, they had a large quantity of nitroglycerine in their possession.

POLICE NOTIFIED OF CACHE OF ALCOHOL

Hollywood police were notified yesterday of the finding of six five-gallon cans of alcohol hidden beneath shrubbery near Sunset Boulevard and Doheny drive. Officers Hamsel and Dwight located the liquor in a police car when they turned it over to Federal authorities. It is believed that the alcohol was hidden by a bootlegger who hoped to run it into Los Angeles during the night.

STATE RALLIES
Former residents of Kansas will meet this evening at Disabled Veterans' Hall, 246 South Hill street, for a program of music and readings. On the same evening at the Business Woman's clubhouse, 327 1/2 South Hill street, Virginians will enjoy a program of music and dancing.

ARTICLE BY NEWTON IS CRITICISED

Feithmans Says Doctrine Never Should Have Been Printed in Journal

Doctrines contained in an article entitled "If This Be Treason," written by Prof. Willis Newton and printed in a recent issue of the Los Angeles School Journal, were criticised severely by F. R. Feithmans, member of the Board of Education, in an interview given yesterday at the Biltmore.

"Although no evidence has been produced to the effect that these anti-social doctrines ever have been taught by Mr. Newton in school, and although the author stated that he wrote the article as a proposition to be studied and did not intend that it should be read by school students, nevertheless the Journal does fall into the hands of pupils and the article should never have appeared in that publication," said Mr. Feithmans.

"I told Prof. Newton that any attempt on his part to persuade the teachers to take a greater interest in the betterment of governmental and social conditions doubtless would receive the support of the Board of Education," said Mr. Feithmans. "Constructive criticism and effort always is desirable but to advise public school teachers to inveigh against our entire social system is, to say the least, a sad mistake. Let our teachers emphasize the value of honesty and service to the growing generation and the social system of the future will take care of itself."

"Concerning the suggestion of the article in question to the effect that the teachers put themselves on record as opposed to all war, of whatever nature, that, too, is dangerous advice," said Mr. Feithmans. "For instance if the United States were compelled to fight to prevent an armed invasion of Asia, he would be a traitor indeed who would refuse to stand by our nation."

Mr. Warner declared the organization is to equal its schedule of last year with the possible addition of two or three feature films. Twenty-two productions were released by director, will remain with the Warner Brothers last year.

QUESTION OF INTENT IN GERTZEN MURDER

DEFENSE AVERS SON WAS DEFENDING HIS MOTHER AGAINST FATHER

Whether Harry Gertzen, 13 years of age, shot and killed his father, Herman Gertzen, a barber, in defense of his mother, Mrs. Yetta Gertzen during an attack on her by the father, or whether the killing was due to fancied injuries to the mother, was a matter that came before a jury yesterday in Judge Reeve's court.

It is asserted by Dep. Dist. Atty. Orme that the young man had been brooding over asserted attacks on his mother for some time and planned to take her part.

According to testimony by the defense yesterday, the father was attacking his wife, when the son is said to have drawn a revolver and shot. The trial will be continued today.

DRY CASE AFFIRMED

Cafe Proprietor Taken to Jail for Selling Bitters

Joseph Faranelli, proprietor of Maison Pierre Cafe, 735 South Olive street, was taken to the Orange County Jail yesterday by Deputy United States Marshal Rife to begin serving a six months' sentence on a charge of violating the Volstead Act. Faranelli was convicted jointly with Pat Bowes, a waiter at the cafe, of selling bitters at the trial today. Dr. Schley was one of the five defense witnesses. He denied he was intoxicated when his car ran down and killed Mrs. Ida Elizabeth Walker on January 3, but admitted he had one or two drinks at the home of a friend. He said he was on an urgent professional call at the time of the accident. Four other witnesses testified to Dr. Schley's sobriety.

Attorney George Grier appears for the defense and Dep. Dist. Atty. Ostrom for the prosecution.

MOONSHINE VICTIM

Man Found Dead in Bed Encircled by Whisky Bottles

A victim, according to police report, of poisonous moonshine, a man believed to be F. M. Walker was found dead yesterday in a room at 1259 East Sixth street. His body was on the bed, surrounded by bottles of whisky. Detective Lieutenants Adams and Dryden stated. In his pocket was a card showing membership in the association of business men. He had been sent to the C. R. Vesper under taking rooms.

GIRL MUM ON POISONING

Norynee Jordan, Welfare Worker's Daughter, Won't Tell Why She Sought Suicide in Man's Auto

The suicide attempt of Norynee Jordan, 19 years of age, remained unexplained yesterday. She had swallowed several bichloride of mercury tablets late last Tuesday night while riding with Percy Kingsland, a broker's clerk. Nobody but Miss Jordan knows why, and she refuses to tell.

Norynee Jordan is the daughter of Mrs. Jessie Jordan, a welfare worker, who stated yesterday that Norynee left her home two weeks ago without giving any reason for her act. Since then, the girl had been visiting with various friends.

GOES ON RIDE

At the home of one of her friends, Kingsland, a frequent caller. He called upon her early Tuesday evening, after the girl had telephoned to him several times. He took her for an automobile ride. The Receiving Hospital said she would live. From the hospital she was removed to the Terry Sanatorium, Eighth avenue and Washington street. She is being attended by Dr. I. Jesse Citron, who also stated she is out of danger.

Though Norynee won't tell, friends of the family believe the girl worried herself into a state of melancholia over the condition of her sick sister, who is also confined in a hospital.

Instant hot water - plenty of it - any time

Hot water is a convenience. But the most convenient part of all is the knowledge that you can have it at any time you want it and as much as you want.

It has been the aim of the RUUD Company to insure just this. Two types of water heaters have been perfected — the instantaneous and the storage. One of them will give you the service you need. Which ever type you need—make sure that the heater is RUUD.

Your Want Ad Before

Another step in the transition of want ads from written copy to the printed pages of the Los Angeles Times is illustrated by the artist's sketch. A long row of "chases" contain the want ads in type form. Here expert "make-up" men group and classify the thousands of Times Want Ads (147,187 during April)—new ones are inserted—old ones "killed."

The Times system of classification and its pains to insure accuracy are other reasons why—

The Los Angeles Times prints more want ads than any other newspaper in the world.

HOW TO INSERT A TIMES WANT AD

You can bring it or send it to the Times Main Office, Broadway at First, or to the Times Branch Office, 621 South Spring; hand it to any Times Agent; deposit it in one of the Times Collection Boxes, located in lobbies of principal downtown office buildings, or phone MEtropoln 0700.

ORATORY EVENT INTEREST KEEN

Deluge of Letters Shows
Attitude of Public
High School Champions to
Meet Here Tomorrow

Winner Represents Southern
California

MAY 8
Orators in "Times" Grand
Final at Los Angeles:
Donald Tyler, Los Angeles.
Malcolm Archibald, Pasadena.
James Wilt, Bakersfield.
William Fennell, Long
Beach.
Harriet Rogers, San Diego.
William Henley, Los Angeles.

MAY 10
Pacific Coast National
Finals at Los Angeles.

That the question who is the champion orator among the high school pupils of Southern California is one in which the public is deeply interested is indicated by the increasing number of communications that, by the National Times Grand Final in the National Oratorical Contest approaches, the event which is to determine this matter.

From Bakersfield to San Diego wires and mails are kept busy carrying inquiries and suggestions to Contest Director Blanks in regard to the oratorical match in which six prize winners will battle for supremacy. The contest will take place at the Los Angeles High School auditorium at 7:30 o'clock tomorrow evening.

In addition to questions as to the specific time and place, most of the communications contain sundry boasts for some particular orator and suggestions to the effect that he is bound to win. Each contestant is backed by thousands of admirers in his own community, outside the school to which he belongs, and the fact that scores take the trouble to write or telephone the director is ample evidence of intense interest.

LIGHTER COMMENT

Aside from inquiries and boasts, Directors Blanks is also receiving a number of communications of a more general nature, in which the contest movement is extolled or observations are offered as to the advisability of making the National Oratorical Contest an annual event. Occasionally a writer treats the subject in lighter vein, submitting remarks not only commendatory, but also diverting. One such enthusiast breaks out in verse as follows:

A contest oratorical is scheduled for Friday,
And high school boys and ladies in an enter-
taining way
Will demonstrate with careless ease and stilted
eloquence
The keenness of a wondrous Constitution.

Contestants true have won success in previous
times
In eloquence fields and proudly wear their
laurels.
And he or she who wins this night with speech
both wise and good
Will have one glorious chance in six to represent
the city.

On May the six six boys and girls both
may win, and will
Will constitute us with great
forensic skill.
And one will win a money prize and further
compliment
By going on to Washington to briefly represent
us.

In June a contest national in Washington
takes place.
The winners get cash prizes that will justify
the race.
We hope our representative will speak the
prize option.
But win or lose, we must confess, we're filled
with jubilation.

What causes all the joy we feel? Not empty
stuff.
We sometimes feel of talking there is much
not with boys and girls discarding of its
points, their discarding
Will give some Congressman a chance to learn
the city.

One letter is particularly interesting
in that it goes into the bene-
fits derived from the contest move-
ment in some detail. As it is writ-
ten by a teacher of history, Miss
Annette Glick of Franklin High
school, who has had a chance to
observe at first hand the results of
the study of the Constitution
among her pupils, it words carry
additional weight.

TEACHER'S REWARD

After referring to the discour-
agements that often assail the
teacher, Miss Glick writes that one
of the few times that she has felt
like being unwilling to exchange
places with anybody in the coun-
try, including the President, was
when she heard the speakers in
the group contest in which Frank-
lin High School took part.

"As long as I have taught his-
tory and as much as I have read
far on the nature and meaning
of our government, I had on that
occasion a new understanding and
a new appreciation of the things
which are surely wrapped up in
the folds of the American flag,"
she says.

"It is a wonderful thing to
teach love of country, and the
thing which occurred to me last
night was that in the minds of
many of those young men and
women, boys and girls and even
older men and women, there came
for the first time through the train
of thoughts started by these young
speakers, an appreciation of that
thing we know as love of country."

"It is hard to decide just who
should receive the credit for the
benefits and results of the
contest, the speakers themselves,
whose thoughtfulness and study
and sometimes real powers of
oratory are, of course, indispen-
sible, or the group of newspapers
who have given them the oppor-
tunity to discover and display and
build up their powers."

Aged Minister, Injured in Auto Crash, Is Dead

Rev. Roby D. Cross, 62 years
of age, former pastor of Calvary
Baptist Church of Pomona, died
in the General Hospital yesterday
from injuries received the 4th
inst. when he was run down at
South Park avenue and One Hun-
dred Fourth street by an auto-
mobile driven by E. S. Luther of
1451 Palmer Court, Long Beach.
The minister was treated at the
Receiving Hospital and then tak-
en to the General Hospital.
Funeral services will be held
tomorrow at 3 p.m. at the W. A.
Brown parlors, 1235 South Flow-
er street.

MAJ. MOORE HOLDS FAST UNDER QUIZ

Story of Great Service
to Mrs. Baldwin Intact
Despite Grilling

An all-day cross-examination of
Maj. Edwin H. Moore yesterday in
Judge Hewitt's court failed to
shake his story that he had per-
formed exceptional and extraordi-
nary services for Mrs. Anita M.
Baldwin, daughter of the late E.
J. "Lucky" Baldwin, who is be-
ing sued by Moore for \$50,000.

Yesterday's sessions of the trial
failed to reveal anything more
sensational than an attempt of the
plaintiff to prove through Mrs.
Baldwin's attorney, Garrett W.
McEnerny, that Moore was re-
sponsible for the ideas he contends
made thousands of dollars for Mrs.
Baldwin during the time he was
acting as her manager.

Mrs. Baldwin had previously tes-
tified that McEnerny was legally
in charge of all her affairs and had
conceived the plans for which
Moore claims credit. She said
Moore had merely acted as her
agent in completing such nego-
tiations as McEnerny saw fit to
institute.

Harry I. Stafford, attorney for
Moore, failed to bring anything
definite from McEnerny and court
adjourned with the latter's dis-
missal from the witness stand.

Several letters asserted to have
been written by Mrs. Baldwin and
dealing with her business affairs
were also introduced. In one of
these, addressed to J. L. Williams,
San Diego banker, Mrs. Baldwin
complained of the way her affairs
had been handled by a previous
manager and requested Williams
to be on the lookout for a man
who would prove suitable for the
job. She stated, however, that the
position was not worth more than
\$500 a year.

The case is expected to go to the
jury tomorrow.

LITTLE BOY TAKES WILD AUTO TOUR

Seven-Year-Old Lad Ends
Ride Against Tree in
Culver City

California's most youthful speed
demon established his first record
at the Culver City "through-town"
speedway last night while a throng
of cheering fellow-townsmen
stood at the sidelines and encour-
aged his efforts.

The boy is the 7-year-old son
of Mrs. Evelyn E. Dale, 1765 Del
Mar Terrace, Culver City, whose
automobile he borrowed for his
first ride. His event ended abrupt-
ly, after a final spurt of speed,
when the car crashed into a con-
veniently located tree in front of
the J. W. Todd undertaking par-
lors on Putman street.

Although the front end of the
machine was smashed, the axle
bent and one wheel demolished,
the driver climbed down unin-
jured. He attempted to escape
from the attentions of the admir-
ing crowd of spectators only to
fall into the arms of his mother
who fainted with joy when she
realized he was unhurt.

Young Dale took off in front
of his home while experimenting
with the array of clutches, sparks,
accelerators and gear shifts and
after disputing the right of way
with several other motorists, one
or two of whom received hard
bumps, he successfully turned
down Putman street.

Police at Culver City declined
to tag him for driving without a
license, but said they might for
parking too close to the side-
walk.

Plans to Widen Road to Harbor Get Under Way

Plans for making Florence av-
enue a 100-foot boulevard from
Los Angeles River to Redondo Road
were started with the permanent
organization of the Greater Flo-
rence-avenue Association last
night at a meeting at the Florence-
avenue school. The meeting was
sponsored by the Los Angeles-to-
the Harbor Association as a part
of its program to co-ordinate or-
ganizations in the improvement of
roads in all directions between
Los Angeles and the harbor dis-
trict. Approximately 150 prop-
erty owners on Florence avenue were
present.

J. A. Cahill, president of the
Florence-avenue Chamber of Com-
merce, was elected president of the
new organization. S. W. Cunnin-
gham was named secretary.

Last night's meeting was the
first of a series to arouse interest
by which it is hoped to push the
improvement and widening of
Florence avenue. Included in the
plans are an ornamental lighting
system and a seventy-foot paved
sidewalk.

HOSPITAL TO HOLD MEMORIAL LUNCH

National hospital day in com-
memoration of the birthday anni-
versary of Florence Nightingale
will be observed next Monday by
the Orthopaedic Hospital School
at 3400 South Flower street. Open
house will be held from 10 a.m. to
5 p.m. with tea served from 3 to
5 p.m. An invitation has been
extended to all friends of the hos-
pital to visit the institution on
that day.

NEW CLUB TO RALLY

The entire membership of the
recently formed Los Angeles Con-
cordia Athletic Club will assemble
tonight at the El Comodoro to
celebrate the club's growth beyond the
250 membership mark. A special
recess followed by a banquet and
dance will be the program for the
evening.

CONSTITUTION IS TOPIC

from 6 weeks to 2 months before the same style reaches other retail stores

The average suit waits from factory to you by a long, zig-zag route. It stops at middlemen and jobbers, it lingers weeks in and out of traveling salesman's sample trunks.

F & C styles reach direct . . . 3 weeks (3 months) after the sign and production!

Underneath Foreman & Clark style, hidden in the heart of each garment, is this—

Guaranteed Inner Construction

- A—Pliable Belgian canvas coat body, instead of stiff cotton canvas.
- B—Genuine silver Hymo, instead of loosely woven haircloth.
- C—One-eighth inch lock-stitch lapel, three fine rows of parallel threads, instead of one or two.
- D—Hand-shaped, hand-felled 1-piece collar.
- E—Inverted V-neck coat skeleton supporting low area of skirt.
- F—Duo-stitched, triple-breasted pocket flap, able to stand against tearing.
- G—Combination of start where average stops.

SENATOR LODGE TRIUNPHANT IN LEAGUE

BY ARTHUR [EXCLUSIVE]

WASHINGTON, May 8.—The Court be divorced from the League under the auspices of The United States join the court submitted to the Senate today, Senator Lodge, Republican, Foreign Relations Committee.

To accomplish this purpose the resolution provides that the President call a third Hague conference of all nations.

At the Capitol some administration leaders said that Senator Lodge had discussed the new World Court proposal with the President before deciding to submit it to the Senate and that Mr. Lodge is favorably disposed to it. At the White House it was stated that the plan had not been submitted to the President for his approval or disapproval and that he is reserving judgment thereon.

Senator Lodge aims to bring his proposal before Senate within the next few days as a substitute for the recommendation of the late President Harding and Secretary Hughes that the United States join the existing World Court with reservation to prevent America from becoming involved in the League of Nations. The Democrats are threatening to demand discharge of the Foreign Relations Committee from further consideration of the Harding proposal which they accuse the Republicans of abandoning.

ISSUE AT ELECTION
The prospect is that it will prove impossible to muster the necessary two-thirds majority for either proposal at this session and no action will be taken by the Senate before the Presidential election. In the election in which the League will be an issue on which the Republican and Democratic parties will take widely differing attitudes, the outcome of the course the United States will pursue in regard to the World Court.

CHINESE IS SHOT DOWN AND ROBBED

Resists Four Bandits in Front of Store; Money is Dropped, Recovered

Louis Gow, Chinese provision storekeeper, was shot twice last night by four Chinese bandits who robbed him of \$50. The shooting and robbery took place in front of the store operated by Gow at 144 Appleton street, and was witnessed by Policemen Phillips and Magar, of the narcotic squad, who were standing about a block away.

As the bandits fled from the scene, they dropped the tin box containing the money about a block from Gow's store, the entire \$50 being recovered by the police. As Gow emerged from his store, he was accosted by the bandits and demanded money.

"No get money," Gow replied. When he resisted their attempt to search him, one of the men threw a revolver and fired several times at Gow. One bullet penetrated the left arm and a second struck him in the left breast just over the heart. Gow's life was in his pocket, according to Police Surgeon Dodge of the Receiving Hospital, where Gow was taken.

Other bandits fired several shots at the Chinese, leaving the scene under the guard of Phillips. The four assailants escaped. They overlocked \$14 in their haste.
